The Pittsburgh Gazette.

MONDAY, MAY 14, 1866.

THERE is one point of the President's Policy that appears well enough until carefully analyzed, and that is, that only loyal men shall be admitted to seats in the Senate and House of Representatives. The serious objection to it rests in the interpretation put on the word loyal. It is maintained by the champions of the Presidential programme, that the South is now eminently loyal, and that it is wrong to go behind the immediate period. It does not matter to them that a man was formerly in Congress, and while under the obligations of an oath to support the Constitution, plotted and enacted treason against the government. All that is to be annulled, and on the strength of present pretensions he is to be recognized as a true man, and admitted unreservedly to any position of influence and authority. With such a standard of loyalty, the way is open for all the rebel leaders to resume their old places, and even to crowd the defenders of the government from such seats as they may occupy.

MR. BUCKALEW is clearly associated with Mr. COWAN in the disposition of federal patronage in Pennsylvania. In most of the counties, and particularly those in which the democrats are in the ascendant, their leaders assume as absolute an authority as though the administration at Washington had been created by them, subject only to the restriction that they are to demand, for the present, the appointment of republicans only, and of the kind who agree to "sustain" the President's Policy. The democrats eagerly consent to this restriction, because they see it is intended, if possible, to work them speedy ascendancy. The zeal with which they are engaged in hunting out facile republicans is very remarkable; their small success even more note-worthy.

A HURRIED TRIP through twenty odd counties of Pennsylvania has afforded us opportunities for eliciting the opinions of many leading republicans as to the prospects of the gubernatorial canvass. The uniform testimony is that no schism or split exists in the republican party; that the party was never more firmly united than now; and that the raid upon the office-holders has rather tended than otherwise to promote harmony and to inspire activity. There is but one sentiment in respect to General GEARY, and that is, that his election is as certain as any future event can be. What is better, there is a strong disposition to perform all the labor requisite to that end.

MR. DOOLITTLE, of Wisconsin, protests that he does not read the newspapers. There was no need of his telling the fact, for his ignorance of public opinion and feeling disclosed the fact long ago.

It is common for a class of men whom nature made small, and newspapers have kindly magnified into large proportions, to profess contempt for journalism. This, however, is true; many public men in this country, and most other, know comparatively little except what they have gleaned from newspapers. Indeed, take from most people what the newspapers have taught them, and the remainder would be of little account.

THE Harrisburg *Telegraph* gives a flat contradiction to the statement originating with the Pittsburgh *Commercial*, to the effect that the receivers of the Chambersburg fund were obliged to pay five per cent. of their claims for the purpose of securing legislation. It says: "While we know nothing about money being spent to procure legislation, we do know that every person entitled to it received the full amount of the sum awarded him. If there was any money collected to secure legislation it must have been through voluntary contributions; certainly not by a levy of five per cent., as alleged."

THE project of creating a five per cent. national loan, with the avails of which to cancel the 6 and the 7 3-10 per cent. bonds as they mature, meets with almost unanimous approbation. The credit of the government is now so fully established, and money is so abundant, that no doubt is entertained of the ability of the Secretary of the Treasury to negotiate the new loan at the reduced rates. It is computed that this saving of interest will pay the entire debt in thirty years.

THE Radical Union men of Maryland are to hold a Convention in Baltimore on the 5th of June. Maryland was prevented from joining the Confederate movement at the risk of much valuable life and treasure, and the returned rebels are now laboring to get possession of the State that they may be able to punish the Union men. This the radicals are determined to prevent, and therefore this convention has been called.

THE Fenian navy, about which there has been so many mysterious whispers, and which was to sweep British commerce from the seas—all those mythical iron-clads, privateers and armed steamers, has been reduced with a rapidity which exceeds even that of Secretary Welles in reducing the navy of the United States. All that appears to be left of it now is "the tug of war" between the several factions.

A SCHISM of some importance has occurred in the republican party in Maryland. Mr. Thomas Swann has issued a protest against the action of the party leaders in calling the next State Convention, and gives in his adhesion to the Presidential policy. The republican journals stand firm and true so far as we observe, without an exception.

THE Senate Committee of Finance has reported against the confirmation of ex-Governor JOHNSTON as Collector for the 23d district. The Governor should send on his commission as Brigadier General in the Home Guards. Perhaps that might mollify the Senate.

THE Republicans have carried the charter election in Ogdensburg, New York, by 140 majority. They have also carried Virginia City, Nevada, and Stockton, California. Thomas A. Doyle, Independent, has been elected Mayor of Providence, R. I., by 319 majority.

RICHMOND LOYALTY.—The Richmond *Examiner* was out in mourning on Friday last for the anniversary of the death of Stonewall Jackson, and called upon the people to deck the graves of the rebel dead with flowers, thousands of persons obeying the request.

C. L. VALLANDIGHAM tersely says that if President Johnson's principles are those of the party which elected him, he has for at least ten years been a Republican without knowing it. "Alike unknowing and unknown," we move as an amendment.

THE French Emperor has given a practical elucidation of his promise to evacuate Mexico. He has sent a considerable reinforcement to his troops in that country. That is exactly what we supposed he would do when he professed to the Washington Administration his conversion to the Monroe Doctrine.

MR. JOHN CESSNA recently brought suits for libel against Myers & Mengel, and Myers and Shannon, publishers. These suits were tried a few days ago. In the one first named the verdict was "not guilty, but the defendants to pay the costs." A *nol. pros.* was then entered on the other suit.

THE exemption of crude petroleum from taxation has had the tendency that was anticipated—to quicken production. Wells that could not be profitably pumped during the past few months, are now made to yield a supply.

A CALL is out for a Johnson, third party, State Convention, to meet May 30th in Indiana. Colonel D. G. Rose, General Sol. Meredith, Hon. Daniel Mace, Judge Test, and others, are engaged in the movement.

THE trial of the Rev. Col. Jacques, for murder, by means of an abortion, began at Louisville on Tuesday.

Billiards a National Game—Where to Play—An Elegant Saloon.

No game in America attracts at the present day more attention than Billiards. It has assumed a national character, and is played in nearly every village, town and city in the country. It is even more popular here than in Spain or Russia, when it is regarded as an education neglected if the youth cannot play the exciting game of ball and cue. Billiard playing is an exhilerating exercise. It strengthens the physical body and expands to a wonderful degree; the mental faculties of man. To become an expert player one must have control of his temper, and an abundance of patience. He requires a steady hand, with great delicacy of touch to shove the cue, a quick, sure eye, and an unusual flexibility of wrist. He must have extraordinary powers of mental calculation and precision, to know to an exact certainty how and with what force he shall strike the ivory ball to make the angle at which it is to be deflected from a plain or convex surface. The expert billiard player should be envied, since none but the possessor of a clear and calculating brain could ever master the science. In this city the game is almost universally played by the male portion of the community, and the places for Billiard amusement that have lately sprung into existence are numerous and in keeping with the progress of the day. Among the elegant establishments devoted to the pleasure of billiards there is one worthy of special attention. It is the saloon of Capt. D. E. Hall, located in the second and third stories of the large brick building on the south-west corner of Liberty and St. Clair streets. On Saturday evening last we paid a visit to these rooms and found them thronged with many of the best and most respectable of citizens. The entrance is from St. Clair street, immediately adjacent to the Manchester Passenger Railway office. The main room upon the second floor contains a number of the most superior tables now in use in this country. They are made of highly polished rosewood, and the baize covered tops are of the finest of marble, laid with an astonishing nicety and precision. The Phelan cushions are adopted in them, and we overheard a professional billiard player remark that he had played in every city in the Union, but Capt. Hall's tables were superior to any upon which he ever crossed a cue. The room is large, airy and commodious. It is thoroughly ventilated through a number of large windows at the foot and side of the room. This is a very important feature in places of amusement, but we regret to say generally lost sight of in the fitting up of our halls, theatres and billiard rooms. Upon either side of the tables is erected a platform for the accommodation of spectators, on which are ranged a number of Boston backed cane-seat chairs. The walls are tastefully decorated with neat and chaste pictures, and at night the room is brilliantly illuminated by a large number of gas jets depending from the ceiling. The balls used are of the finest of ivory, and the cues, maces, bridges, and all the paraphernalia attached to a billiard saloon have been selected with great care by the proprietor, who is determined that these rooms shall not be surpassed by any in the country. The third floor is in many respects similar to the one we have endeavored to describe. It is gotten up with the same good taste and style, and fully as large, airy and attractive as the main saloon. Here the bar is located, which is continually kept stocked with the finest of liquors. Capt. Hall is a clever, worthy gentleman, and proves decidedly popular with the billiard-playing community, if we are to judge from the number of patrons who nightly visit his rooms. He has a number of gentlemanly attendants in his employ who will do all that is possible to render the rooms attractive to patrons. Boys are forbidden to use the tables, and under no consideration will they be permitted to take part in any of the games. The motive for this praiseworthy rule will be fully understood and appreciated by the community. In conclusion we would respectfully invite the attention of billiard players, or those about learning the game, to the palatial rooms of Captain David E. Hall. They are open from early morn till late at night, and as the best of order is at all times maintained, we know of no more pleasant place to while away a few hours.

The Grand Secret.

The grand secret in medication is to help Nature. SUSTAIN and REGULATE—these are the Alpha and Omega of the only theory of cure that has common sense for its basis. If the nervous system is shattered, the muscles weak, and the mind, like the body, in a state of partial collapse—what is it best to do? Reason teaches as the answer:

BUILD UP YOUR MAN.

Brace him up as you would brace a tottering edifice. The pabulum he needs is a Tonic Alterative. Bring him up out of the depths of Debility and Despondency,

WITH HOSTETTER'S BITTERS.

They cannot injure. A child may take them in doses suited to its years, without the possibility of harm. The enfeebled vital powers are as sure to respond energetically to their action as the wilted grass is to erect its blades under the vivifying and refreshing rain. In all cases of debility the Bitters are absolutely required. There is no substitute or succedaneum that will fill their place. Resort to this most wonderful of Modern Tonics,

AND ALL WILL BE WELL.

Bear in mind that in Dyspepsia, Intermittent Fevers, Billious Disorders, and Affections of the Nerves, no other medicine will produce one tithe of the good effect that invariably follows the use of this excellent Invigorator and Corrective. Sold everywhere.—*N. Y. Tribune, Oct. 27, 1865.*

Hostetter's Bitters

Are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No. 84 Market street, corner of the Diamond and Market, near Fourth street.

Spring and Summer Goods.

The well-known store of Mr. John Weler, Merchant Tailor, No. 126 Federal street, Allegheny, has been lately fitted up with a new assortment of spring and summer goods. The stock has been well selected, and embraces all the numberless articles needed for gentlemen's garments. A large stock of ready-made pants, coats, vests, &c., will also be found in his establishment. His stock of furnishing goods cannot be surpassed. Persons desiring to purchase a good suit of clothes would do well by giving Mr. Weier a call.

False Start in Life.

If a young man, to use the common parlance, gets "jilted," we advise him not to waste too many lamentations over his bad luck, but enter the list again. A girl who trifles with the sincere homage of an honest heart may be very attractive and fascinating, but she will hardly be likely to make a good wife, and we counsel her masculine friends to give her a wide berth. Because you have been deceived once it does not follow that there is no more truth nor honesty in the world. Put a little philosophical salve on your wounds, and try again. And instead of grumbling over your bit of adversity, thank your stars that you were aroused from the delusive dream before it was too late, and even though the waking might have been a little rougher than was altogether pleasant. There are plenty of nice girls left, and your chance is quite as good as it was before. A distinguished divine of the present day asserts that it is necessary for a young man to make so many "false starts" in life before he may fairly be said to have begun the world, and the same rule may hold good in love and courtship.

Remember, however, never make a false start when you desire visiting Robinson's fashionable boot and shoe house No. 61 Market street. He has just received a new stock of pedal coverings for men and women, youths and misses, children and infants. From the most delicate, tiny bootling to the coarse heavy brogan, everything in the boot and shoe line can be found there. The stock is offered at a great decline in prices.

Sarsaparilla.

We have heard this famous root spoken of as a "humor remedy" for many years; but we find there are, among physicians, conflicting opinions as to its efficacy. One thing is certain, it has stood a long and severe *testing*, having been in use more than two hundred years. It would long since have been cast aside, if it was worthless. A chemical manufacturing house, of high repute, at the "Hub" have recently conceived the happy idea of combining it with the "Iodine of lime," a newly-discovered agent of tonic and alterative properties. This seems to be just the combination needed, as it is admirably adapted to alter or break up diseased action wherever it may be found in the system. Sarsaparilla, Iodine, lime, it is certainly difficult to conceive of a more scientific blending of important medicinal agents. It is a matter of wonder that something of the kind has not been proposed before; but the progress of chemical science moves slowly, as do all other branches. Everything must wait its time. The Sarsaparilla and Iodide of Lime is sold by the druggists.

No, Sir!

It is true that the popular remedy known as Coe's Cough Balsam does not dry up a cough, but loosens it so that the patient can expectorate freely. Give it to the children freely, and take it yourselves for bad colds.

It does not take a week to receive benefit from Coe's Dyspepsia Cure. It will immediately relieve pain in the stomach, souring or rising of food, and cure the worst cases of Dyspepsia.

Sole agent for Pittsburgh, Joseph Fleming, Druggist, No. 84 Market street.

I hereby challenge any person to question my right to manufacture the above, and offer the same for sale at my new Stores, 107 Smithfield street, and opposite the Postoffice.

Fenian Intelligense.

NEW YORK, May 12.—A large number of Fenians called on Head Center Stephens to-day at the Metropolitan Hotel. It has been ascertained from Mr. Stephens this evening that he will not remove his head quarters to Union Square at any time. The Head Center spoke so emphatically on the subject that he created the impression that he was not altogether satisfied with the suggestion. It is said he expressed himself strongly against the extravagance involved in hiring Union Square buildings.

It is not known outside of the circle of Central Council and the attaches of the palace, in Union Square, the exact amount that remains in the Fenian treasury. A prominent Fenian stated the whole sum now reserved to aid the cause of Irish liberty, is less than three hundred dollars, and that besides, there are checks for one thousand dollars, which are directed to Patrick O'Rourke, who can have them cashed when required to do so. Mr. Stephens was enlightened on this state of things to-day, when he had an interview with Mr. Griffin, the O'Mahoney Treasurer. The interview was private, but it is known to have had effective reference to the disposition of the monies received in Union Square.

The headquarters in Union Square are now closed, and the Private Secretary of Mr. Stephens is in charge of the building.

Although Mr. Stephens is making every effort to effect a reconciliation between the rival Secretaries of the brotherhood, matters have transpired which shows that the task will be anything but an easy one. While seeking the co-operation of the Roberts wing of the Fenians, which is now the most potent of the two, he has carefully abstained from recognizing the Fenian Senate in its official capacity; consequently any overture for an adjustment of the difficulties cannot be entertained by a body whose official existence is thus denied. Mr. Stephens issued an order to-day, calling on all the circles in the United States to subscribe towards the movement in Ireland, and to send all monies to him at his headquarters at the Metropolitan Hotel.

NEW YORK, May 13.—Head Centre Stephens was occupied yesterday with the Executive Committee, and the prospect of a reconciliation becomes clearer between the rival factions. Almost the entire of the old staff have resigned, and Colonel Kelly has been appointed deputy to the Head Centre. A proposition will be made on Monday to the Board of Alderman to set apart the Governor's room in the City Hall, for the purpose of enabling Stephens to give an audience to his friends and admirers.

The Attempted Assassination of the Czar of Russia.

NEW YORK, May 12.—The Americans residing in St. Petersburg, forwarded an address to the Czar on his recent escape from assassination and received a gracious reply.

The man who attempted the assassination is about twenty-one years old and apparently well educated; he speaks pure Russian. It has been said that he is a farmer but the more general opinion is that he is a student. Immediately after his attempt and upon being seized, he cried out to the people: "All this I have done for you. He (the Czar) has cheated you; he has not given you enough of land." They have found some papers on his person, one of the documents is in the form of a proclamation to the people of Russia, in which it is announced the world will not dream never enjoy peace until all the Princes have been destroyed.

Arrival of Santa Anna.

NEW YORK, May 12.—The *Post* says that Santa Anna arrived at Elizabethport this morning, by the steamer Georgia, from St. Thomas. He is accompanied by several South Americans. It is understood the object of his coming here is to unite his efforts with those of the Liberal party of Mexico to expel Maximilian. He declares he is not seeking for power, but will place himself under the lead of Juarez.

THE VISIT OF SANTA ANNA.

Claims by Prisoners of War.

WASHINGTON, May 13.—The last installment of documents relative to Mexico makes between five and six hundred pages. It appears from this mass of correspondence that on the 5th of January M. Romero sent documents to Mr. Seward, showing in the first place that the assassination of General Orteger was an accomplished fact, notwithstanding the endeavors of the French to conceal it, and that it was premeditated, and executed by orders from Mexico, or by the command of the French General-in-Chief of the invading army, or by the French agent in that city, on whom they try to lay the responsibility of their conduct. He adds that the assassins have not had the manliness to assume the responsibility of their crime, but have tried to conceal it, or impose the guilt of it upon an unhappy traitor officer, who has joined the conquerors of his country.

First Lieutenant R. C. Catherine is detached from headquarters at Washington, and ordered to proceed to Chicago and establish a Marine receiving rendezvous for the Western States, which will extend to the able-bodied men of the West an excellent opportunity of enlisting in the Regular Navy.

The Senators elect from Colorado stoutly deny the imputation thrown upon them and members of Congress to the effect that there was a political bargain and agreement to secure votes for the passage of the bill for the admission of the State. They further say that their call upon the President to which allusion has been made, was simply to present such facts as show the population, substantial wealth and prosperity of Colorado, and had no reference whatever to politics.

The "Washington," "Wolf Tone" and "Red Hand" circles, of the District of Columbia, have joined in an appeal to the Fenian Brotherhood, whose zeal has considerably abated, announcing a crisis, and exhorting union in one grand struggle for the independence of Ireland. They forcibly declare in favor of Roberts and Sweeny. The promise is thrown out in addition to this appeal that a real Fenian army will soon take the field, and contributions are accordingly solicited for the support of soldiers.

Henry A. Wise delivered a lecture last night at the Orphan Asylum, Alexandria. It is represented that he spoke of the war as simply a conflict of sovereignties, saying he was not responsible for this act as an individual. In obeying the voice of his state, he had made no confession and taken no test oath, and there was no power to make him take one. He was no traitor, nor were those who fought for the South, nor had he taken an oath of allegiance, for he was no foreigner to be naturalized. At the conclusion of the lecture, Senator Saulsbury, of Delaware, made a speech in opposition to those whom he characterized as radicals.

What the business of Gen. Santa Anna is in the United States at this time has not transpired in Washington. M. Romero has received no communication concerning him. There is no reason to believe that he has come to this country in an official character.

The President has approved the bill to incorporate the National Theological Institute in the District of Columbia, for the education of persons for the Christian ministry.

Major General Hitchcock, Commissary General of prisoners, has given notice that a sufficient length of time having elapsed for the presentation of claims against the fund under the charge of this office to recover monies taken by the rebel authorities from the U. S. soldiers while held as prisoners of war, no claims presented after this date will be considered.

NEW YORK, May 12.—Official documents which have been placed in the hands of Secretary Seward by M. Romero, the Minister of Mexico at Washington, reveal the fact that Santa Anna was a warm advocate of a Monarchial form of Government in that country, and is now a warm adherent of Maximilian.

The *Commercial's* Washington special says the French Minister explains that the French troops which are reported as having passed the City of Havanna on their way to Mexico, are recruits to take the place of the men whose terms of service have expired, or who have been invalidated.

THE INDICTMENT OF JEFF. DAVIS.

Charge of Judge Underwood.

THE FORTHCOMING TRIAL.

Chief Justice Chase to Preside.

NEW YORK, May 12.—The charge of Judge Underwood to the Grand Jury of Norfolk, which has indicted Jeff. Davis for treason, is largely occupied with the baneful influences of slavery in Virginia, and the demoralization consequent upon the rebellion. He calls attention, also, to the disloyal press of the State, and adds, that while concurring with the Lieutenant General and distinguished soldier and accomplished lawyer who commands the Department of Virginia, in the propriety of abating, by military power, such papers during the supremacy of martial law, and recognizing the distinction between liberty and licentiousness; after mature reflection we doubt the policy of suppressing by courts, papers treasonable as any even in this State. Much complaint has been made by our fellow citizens of the north of the tardiness of our criminal prosecutions. We think it better in imitation of the great and good martyred Lincoln, and in imitation of the great Ruler of the Universe, whose judgments and retributions are slow but sure, that we should approach this great question of punishment of the authors of terrible and unprovoked rebellion with all possible deliberation, discrimination, caution and clemency, so that no unnecessary blood shall be added to the torrents that have already soaked the soil of our devoted State. This Court entirely agrees with the President in his oft-repeated declaration that treason is the greatest of crimes, and ought to be signally punished, and that it is cowardly to punish subordinate and comparatively insignificant, and allow principals to escape. We also concur in the opinion that the leaders in the late rebellion may be treated either as traitors or public enemies, as they were undoubtedly by the laws of nation and the common law.

WASHINGTON, May 12.—It is said that Chief Justice Chase will preside at the trial of Jefferson Davis, and that Attorney General Speed will prosecute, assisted by Judge Clifford, of Massachusetts, and Wm. R. Evarts of New York as counsel on the part of the prosecution. Judge Underwood arrived here to-day, and had a long interview with the assistant Attorney General.

THE GROWING CROPS IN THE SOUTH.

Highly Gratifying Accounts.

NEW YORK, May 12.—The Southern papers give highly encouraging reports of the growing crops. The Sumter (S. C.) *Watchman* says: Our planters are applying themselves with a diligence which must secure at least measurable success. The freedmen too, as a general thing, are working with a zealous earnestness, exceeding the expectations of our people at the beginning of the year.

In Georgia a correspondent of the Macon *Journal*, in a message from Barber County, on the 29th, writes: Where there is no bureau the freedmen are working well and seem very well satisfied. May and June will try them.

The Atlanta *Commercial Bulletin* has the following from a correspondent: In the Southwestern part of Georgia, owing to the great scarcity of laborers, the cotton crop for this year will barely reach half the amount in 1860, which I think was estimated at four millions of bales. I am clearly of the opinion that one million five hundred thousand bales is a full estimate for the coming crop. In Middle Georgia there is a great deficiency of laborers, and these are tampered with and seduced from their employers for the more fertile lands of the West, or for some other purpose, leaving a large number of planters entirely destitute.

The agent of the Department of Agriculture writes to the same effect. Every planter that can get labor is putting in all the cotton possible in hope to sell it. The greater portion of them are neglecting corn, preferring to depend upon the Northwest for their supplies. The freedmen have contracted freely with their old masters. As a general thing, the higher rates of wages in Alabama and Mississippi are inducing some of them to discard their contracts in Georgia and emigrate westward; in Alabama also. The correspondent of the Montgomery *Advertiser*, writing from Dale county, under date of April 25th, contradicts that the freedmen are doing well, there being no Bureau to disturb the happy, harmony existing between them and their employers.

The *News* reports that the freedmen are conducting themselves as a general thing in a highly creditable manner, and we begin to think they appreciate their position and will labor faithfully under the contracts they have made.

Of Mississippi, the Canton *Citizen* says: The freedmen are working to their contracts as a general thing. On the whole planters seem cheerful. From Louisiana there are a number of reports.

The Natchez *Times*, of the 21st of April, says: Both cotton and corn are growing beautifully. The freedmen are working well.

The *North Louisianian* says: The freedmen are working in most instances much better than was anticipated.

The Issue in the Reform Question.

AUSTRO-ITALY AFFAIRS MENACING.

German Difficulty Unchanged.

THE FOREIGN MARKETS.

NEW YORK, May 13.—The steamers City of Paris and Germania arrived, with dates from Liverpool and Southampton to the 2nd, and by Paris and Queenstown on the 3d.

Contrary to rather the general expectation, the British ministry refused to regard the close vote on the Reform bill as equivalent to a defeat.

Mr. Gladstone announced in the Commons, the franchise bill would be pressed but the bill for the redistribution of seats would be introduced on the 7th, so that both might be considered together. In reply to an inquiry if the Government would stand by the bill, he said, as long as the bill stands, we stand; if it falls we fall. Liberal papers rejoice that the issue is now plain, and that the Liberal members must now face the pure and simple question, without the protection of an evasive amendment.

The Jamaica Commissioners arrived home. Nothing official is known as to their report, but the *Times* anticipates it will justify martial law, but censures the subsequent proceedings.

A police constable has been shot dead in Dublin by the Fenians.

The German question continues warlike, but the relations of Austria and Italy are decidedly menancing. Both governments deny aggressive designs, but both are represented as vigorously preparing for war.

The Italian Parliament promptly voted authority to the Government to raise means for the defense of the country. A popular meeting was held at Naples in favor of Government armaments, and universal enthusiasm, it is represented, prevails throughout Italy.

In view of probable war, it is asserted that the Italian Government has called out 150,000 men. The Austrian force in Venitia is computed at 160,000.

The Florence correspondent of the London *Times* says there can be no doubt that the Italian Government desires war as the only means of extrication from her exceedingly false and difficult position.

The Austro-Prussian relations show no improvement. A Berlin dispatch talks of probable increased armaments by Prussia.

A severe panic was felt on the change in London and Paris, and funds and securities were all materially depressed.

Liverpool, May 2.—Cotton: the market has been very dull, prices are generally ⅛@¼d lower; middling uplands quoted at about 14d.

VERY LATEST BY THE CITY OF PARIS.

By Telegraph to Queenstown—Liverpool, May 3.—The intelligence from Germany and Italy continues menacing, and armaments are vigorously pushed forward. The Italian fleet had left Genoa. The destination was unknown.

The depression in the London and Paris Exchanges is unabated. French rentes fell an additional ¾ per cent. on the 2d, closing firmer under a rumor of mediation by France, England and Russia. The rumor has not been confirmed.

The Bank of England to-day advanced its rate of interest to 7 per cent.

Liverpool, May 3.—Cotton firmer and advanced ¼@½d. The market easier with a declining tendency, owing to the advance in the bank rate. Breadstuffs quiet but steady. Provisions dull, and with a downward tendency. Produce steady and unchanged.

London, May 3.—Consols closed at 86¼@86⅜ for money; United States 5-20's, 68@68½; Erie, [illegible]; Illinois Central, 77@78.

The Austrian iron-clads, it is stated, received orders to put to sea. The destination is believed to be the German Ocean and Baltic.

A Berlin telegram says: The reply of the Austrian Government to the last Prussian dispatch received, dated the 26th, states that Austria will withdraw into the interior the troops now on the Prussian frontier, but will at the same time continue armaments against Italy.

The Russian troops upon the frontier are said to have advanced nearer to the Austrian territory.

Rumors of a ministerial crisis are still current in Vienna.

The Saxon Minister of Foreign Affairs is said to have returned a verbal and evasive answer to the Prussian summons to disarm.

A Berlin telegram of the 1st says: It is believed the Prussian armaments are to be shortly increased. No immediate rupture between Austria and Prussia is, however, expected, as Austria will submit her proposals to the Federal Diet; but affairs continue critical.

The Vienna *Presse* of the 1st, states that the negotiations between the Prussian Cabinet and the Special Envoy of Italy continue.

The official Vienna *Gazette* publishes a notice that an increased number of army surgeons is required.

In a circular dispatch to the Italian representatives General La Marmora states at the moment when the disarmament of Austria and Prussia was expected, Italy saw herself directly menaced by Austria, who increased her armaments, and gave them in Venitia an overly hostile character towards us. It therefore, became indispensible for the security of the kingdom that both the land and sea forces be increased without delay. In taking the military measures required for the defence of the country, the government has only acted in accordance with the state of things created by Austria.

Florence telegrams say a proclamation was issued by the Minister of War, calling under arms the soldiers on unlimited furlough.

The Mexican Minister arrived at Vienna on a special mission. He bore a letter from Maximilian, the purport of which was unknown.

MARINE DOCK, ST. LOUIS, DESTROYED.

The Steamer Jennie Dean Burnt.

ST. LOUIS, May 13.—The works of the Marine Dock Company, in South Carondolet, seven miles below this city, together with the steamer Jennie Dean, on the ways, were burned last night. The loss on machinery buildings of the Dock Company is sixty thousand dollars. No insurance.

The steamer was valued at sixty thousand dollars. It was not insured.

The fire was the work of an incendiary.

Matters in New York.

NEW YORK, May 12.—Lewis Clark and Chas. Dennis, charged with the Madison avenue bond robbery, have been discharged for want of evidence against them.

The Board of Health have before them a proposition to divide the city into six hospital districts, in which, when epidemics occur, there shall be established as many hospitals as the exigencies may require.

Another daring highway robbery was perpetrated in this city early yesterday afternoon. Mr. J. H. Higgins, cashier of E. S. Higgins & Co., carpet dealers, doing business in Broadway, was proceeding through Forty-third street, between Seventh and Eighth avenues, with a carpet bag containing $16,400, which he had drawn from the bank for the purpose of paying off the hands employed in the factory of the firm. He was brutally assaulted and knocked senseless to the ground by a ruffian, who was immediately joined by two others, one of whom sprang from a butcher's cart and dealt Mr. H. a powerful blow on the head with a heavy weapon. The robbers then seized the bag, jumped into the cart, in which was the third accomplice, and made off with their booty. After his recovery from the shock, Mr. H. was able to give such a description of the villians as to lead to the hope of their speedy arrest.

One death from cholera occurred at quarantine yesterday.

Express Safe Robbed.

PROVIDENCE, R. I., May 12.—The small safe of Davenport, Mason & Co.'s Tarenton, New Bedford and New York Express, was thrown off the steamboat train on the Stonington Railroad, last night, between East Greenwich and Westerly. It was found this morning robbed of its contents, the value of which is as yet unknown.

Contract for Gettysburg Monument.

HARTFORD, CONN., May 12.—The *Courant* of this morning understands that the contract for constructing the Gettysburg Monument has been awarded to its designer, Jas. G. Batterson, of Hartford. The Monument is to cost fifty thousand dollars. Mr. Batterson designed and built the Worth Monument.

Amusements

OPERA HOUSE.—To-night that sprightly little actress Miss Emilie Melville makes her reappearance at this establishment in three characters. To say anything in commendation of Miss Melville at this late day would be simply superfluous—all admit her excellence, particularly as a vocalist, being really a child of song. During her stay among us we expect to see the Opera House crowded to repletion.

THEATRE.—The patrons of the Theatre are to be treated to an agreeable sensation this week in the shape of the beautiful and dashing equestrienne star Leo Hudson, who will appear to-morrow evening in her brilliant *role* of Mazeppa. As the representative of the Byronian hero she is said to be unrivalled.

BUCKLEY'S MINSTRELS.—Among the attractions in the amusement line announced for this week are Buckley's Minstrels. In working their way from the West, where they have met with warm receptions and splendid success, they propose to pay us a visit, as they have in former times, and give a series of entertainments in Masonic Hall, commencing on Friday evening next. Mr. H. Davis, the gentlemanly agent, is now in the city attending to their interests.

The Cadiz Bank Robbers.

Three of the individuals engaged in the robbery of the Cadiz Bank, came into the Court of Common Pleas, in session at Cadiz, on Wednesday last, Judge McIlvaine presiding, and pleaded guilty to the several specifications with which they were charged. They gave their names (ficticious), respectively, as Richard Rowe, Jones and O'Connell. Richard Rowe and O'Connell were sentenced each to thirteen years confinement in the Ohio Penitentiary. Jones got two years off, for information communicated—getting but eleven years. The wounded robber was suffering so severely that the Court humanely continued his trial till the next session. The three sentenced men were placed in the Ohio Penitentiary on Thursday last.

CITY AND SUBURBAN.

(ADDITIONAL NEWS ON THIRD PAGE.)

The Gazette.—To-day we send our paper to a number of persons who are not subscribers, in order that they may see the decided improvement made in its general appearance. It is furnished by carriers at the extremely low rate of fifteen cents per week, which is much cheaper, taking into consideration the amount of news matter furnished, and the size of the paper, than any daily published in Western Pennsylvania. Orders left at our counting room will receive proper attention from the carriers.

Shooting Affray on Wylie Street.

On Sunday evening, shortly after dark, a shooting affair occurred on Wylie street, between Fifth and High, the particulars of which we ascertained to be about as follows: Thomas Dougherty, who came to this city from New York not long since, is the name of the injured party, and Darby McDonough, who keeps a boarding house at No. 18 Wylie street, did the shooting. Dougherty boarded with McDonough, and at an early hour Sunday morning, about four o'clock, he aroused the inmates of the house by his efforts to enter through the second story window, (in front) to which he had ascended by means of a ladder. Mr. McDonough assisted him in, and nothing of an unpleasant nature passed. At breakfast, however, Mrs. McDonough, not liking the conduct of Dougherty, politely informed him that he must get another boarding house. About noon Dougherty came into the house, the worse for liquor, and after announcing his intention to whip McDonough, struck him a blow in the face. Mrs. McDonough interfered in behalf of her husband, and was violently shoved aside by Dougherty, receiving severe injury. McDonough then struck Dougherty, and after some scuffling the quarrel ended for for the time being. Mrs. McDonough became quite ill from the effects of the injury she received, and it became necessary to call in a physician. In the evening as Mr. McDonough opened the front door of his dwelling, being on his way to a drug store to get medicine for his wife, he was struck a violent blow by John Donahue, a comrade of Dougherty's, and knocked down. Recovering himself, and observing Dougherty, he made towards him (not heeding Donahue) and warned him to keep away from the premises. Dougherty drew a revolver, cocked it, and leveled it at McDonough's breast, but some persons present interposed and prevented him from shooting. McDonough then procured a pistol, and cautioned Dougherty to keep away or he would shoot him. He said he did not want to kill him, but would fire to wound him if he did not leave. Dougherty again made demonstrations with his pistol, snapping it several times, and finally McDonough fired at him, the ball taking effect in the left leg, entering the fleshy part below the knee and lodging near the ankle. M'Donough did not attempt to get away, but remained at his doorstep, whence he fired, and was on the point of surrendering himself, when one of Alderman Strain's officers accosted him. He was taken to the office of that magistrate, and Dougherty was assisted to the office of Dr. G. L. M'Cook, who extracted the ball and dressed the wound, which is not considered serious.

The proper information having been taken by Alderman Strain, M'Donough was required to give bail in the sum of $1,000 for his appearance at court. Dougherty's conduct seems to have been that of a ruffian, while M'Donough appears to have had no other object in view than to protect himself and household.

An Important Hearing.

A few days since we noticed the arrest of a man named Orr, for having wilfully and maliciously obstructed the track of the Pittsburgh and Manchester Passenger Railway. The case came up for a hearing on Saturday morning before Alderman Donaldson, of the Fourth ward, and from the testimony given at the hearing we glean the following facts: Orr, who is a coal-hauler, while unloading his wagon on Rebecca street, allowed his wagon to remain on the track, and although solicited by the conductor of one of the cars to drive aside in order to allow the vehicle to pass, he utterly refused to move until he had discharged his load. This somewhat irritated the car driver, who, after waiting for over twenty minutes, and until the arrival of another car, for Orr to get out of the way, went to where the latter was standing on the pavement and struck him, for which offence he was arrested and fined ten dollars. Subsequently Capt. William J. Kountz, the President of the road, appeared before Alderman Donaldson, and charged Orr with obstructing the track. After hearing the evidence, the Alderman ordered the defendant to pay five dollars fine, and the cost of prosecution, which he accordingly did and was discharged.

There are so many cases of this kind occurring on the different routes in the city and adjacent boroughs that for the benefit of those who may be ignorant of the law on this head we give entire the recent act of Assembly, approved March 28th, 1862, relating to the right of the companies to their track. It is as follows: "Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in general Assembly met, and it is hereby enacted by the authority of the same. That from and after the passage of this act, any person or persons wantonly or maliciously obstructing the track of any such railway company, or the passage of the cars on or over the same after having been duly warned to remove such obstructions, and having been found guilty thereof before any Mayor, Alderman, or Justice of the Peace within the county of Allegheny, shall be fined five dollars for each offense, and in default of the sum named within twelve hours, such person or persons shall be committed to common jail for a period not exceeding five days, said fine to be paid into the treasury of the city, borough or township where the offense may have been committed; all such suits to be in the name of the Railway Company whose track had been wantonly or maliciously obstructed; *Provided*, That this act shall not be so construed as to deprive the owners or tenants of property along the said track of the reasonable enjoyment thereof in all cases where the proximity of the track to the sidewalk requires the temporary detention of a car or cars."

This we believe to be sufficiently explicit for all purposes, and the owners or drivers of vehicles should remember that corporate bodies have rights as well as individuals.

East Birmingham Sanitary Meeting.

The citizens of East Birmingham held a meeting on Saturday evening for the purpose of taking into consideration sanitary measures. Burgess Chess was called to the chair, and Mr. J. R. Jacques officiated as secretary. After a few pertinent remarks by Dr. Arnholt, it was decided to divide the borough into six blocks, and appoint a committee of three for each, whose duty it should be to examine into the condition of the premises of residents and see to the abatement of all nuisances. Following are the blocks and the committees:

First. From Harmony to Meadow street. David S. Duvall, John Conrad, Isaac Hetzel.
Second. Meadow to Joseph street. Dr. M. A. Arnholt, R. B. McCurry, John Hughes.
Third. Joseph to Railroad street. J. B. Hetsel, Jenkin Jones, G. H. Slocum.
Fourth. Railroad to Philips street. Wm. Lanky, Nathaniel Jones, August Ammon.
Fifth. Philips to Brown street. T. Campbell, Lewis Shaler, Sr., Nicholas Snyder.
Sixth. Brown to McClurg street. John Upperman, John Culp, Milton Church.

Citizens were urged to report to committees such nuisances as they may know to exist in their neighborhood. Another meeting will be held to-morrow evening.

What was the Matter?

On Saturday much inconvenience was experienced in the Ninth ward, in consequence of an insufficient supply of water. At the outer depot of the Pennsylvania Railroad it was found impossible to supply locomotives, and for a time operations at the depot were suspended. The hydrants along a portion of Penn street would not give forth any, and to all appearances the water had been stopped off. Superintendent French was an important personage during this state of affairs, and was eagerly sought after. A railroad official found him at the water works nearly overcome with exhaustion through his efforts to remedy matters. The only cause we heard assigned for the difficulty was the unusual quantity of water drawn from the basin on Saturday. We learn that the railroad company have suffered inconvenience from the same cause heretofore.

Assigned to New Quarters.—The energetic market committee has just issued a positive order to the hucksters requiring them immediately to vacate the stands occupied by them on Market street. This order has been given to afford a better chance to the country gardeners who bring their produce to the market. Hereafter the hucksters will occupy the places on either side and in the rear of the Market House, while Market street will be exclusively occupied by farmers and country gardeners. The purchasing community will find under this arrangement a decided advantage over the old system. They will be able to discover who are the gardeners and who are not, and it is thought that the prices will be influenced by competition between the hucksters and country folks.

Firemen Thanked.—The *Leader* of Sunday contained a card from Dr. Thayer (speaking for Thayer & Noyes' circus company,) tendering sincere thanks to the members of the Stewart Hook, Ladder and Hose company for their promptitude in obeying the alarm, and the almost superhuman exertions made by them in subduing the flames from the stable immediately adjoining the property of the circus company on Saturday morning last. Capt. D. E. Hall, 1st Assistant Engineer of the Fire Department, and now acting as chief, is given credit for his fearless, intrepid and skilful management of the devouring element.

Fight in Birmingham.—Yesterday shortly before noon a free fight took place at the house of Conrad Eighart, in the borough of Birmingham, in which several Germans and a couple of Celts, took a leading part. The row was occasioned by some disparaging language coming from a man named Andrew Kelly, and addressed to Eighart, who is the pugilistic Boniface of a lager beer hall on Carson street. The Teutons took umbrage at his remarks and pitched into the Irishmen, who, after a brief but ineffectual defence made good their escape. As the police were absent at the time no arrests were made.

Dead Bodies Found—Coroner's Inquests.

On Sunday morning about seven o'clock, as the steamer Pine Grove was backing out from the Monongahela wharf, opposite Ferry street, the mate of the steamer Reindeer saw the body of a man floating under the wheel. It was secured, the Coroner sent for, and an inquest held. The body had apparently been in the water for two or three weeks. The man appeared to be twenty-five or thirty years of age, and five feet six or seven inches high. He had a moustache and imperial; and his clothing consisted of black coat with velvet collar, blue jean pants, dark knit shirt, red flannel overshirt, and gaiter shoes. Nothing was found to identify him. The jury found that the man came to his death in some manner unknown. We learn that some time ago a man left Louisville for this city on a steamer, and has not since been heard of by his wife, who has been writing to a party in the city concerning him. It is likely that the body may be that of the missing person.

About noon on Sunday, as Mr. Antony Yergins was crossing the Sharpsburg bridge, in returning from church, he noticed the body of a woman floating in the eddy under the bridge. It was brought ashore, and Coroner Clawson held an inquest. The body had been in the water for a considerable length of time, as it was very much decomposed. No indications of violence could be discovered. All that remained of the clothing was the waist of the dress, (blue delaine,) the skeleton skirt, which was gathered about the breast and head, and shoes and stockings. It is thought the woman may have been one of those who were swept away by the freshet at Oil City some time since.

Alderman Strain's Court.

This magistrate, on Saturday, issued warrants for the arrest of Owen Fitzsimmons and Fredrick Hines, accused by Michael Kelly of obtaining money under false representations. The prosecutor stated that he attended the horse market on Irwin street, with a view of purchasing a horse, and meeting with Fitzsimmons and Hines struck a bargain with them for an animal which they represented sound in wind and limb. The price paid was thirty-three dollars. Kelly subsequently discovered that he had been cheted, the horse turning out to be almost worthless. Hence the suit.

Hugh Meehan, of Temperanceville, was on Saturday committed to jail, in default of bail, for a further hearing on a charge of malicious mischief. Wm. Dalzell, residing in the same borough, alleges that Meehan removed a barricade from a sewer which he (Dalzell) was engaged in constructing, thus endangering the lives and limbs of pedestrians.

Elizabeth Timmons and Jane Shallenberger, residing in the Eighth ward, got into trouble with one another on Saturday. Jane having prosecuted Elizabeth for assault and battery, she was sent for and in due time appeared at the magistrate's office, accompanied by an officer. Jane had awaited her coming, and no sooner did Elizabeth get a glimpse of her than she sprang at her and felled her to the floor with a heavy blow in the face. Further violence was prevented and the belligerent Elizabeth was committed to jail for a hearing to-day.

Row at a Barber Shop.

Two men named Johnston Howard and Westley Shorter entered the barber shop of James Kirk in Allegheny city, on Saturday night about eleven o'clock, and demanded to be shaved instantly. The shop being crowded on their entrance Mr. Kirk informed them that they would have to await their turn, whereupon they grew very boisterous, threatening to clean the house out, and finally Shorter struck Kirk in the face with his clenched fist, causing the blood to flow copiously from his nose and mouth. Fortunately two of Mayor Morrison's police were on hand, who after some trouble succeeded in conducting the belligerents to the tombs. They will have a hearing to-day.

Strange Fatality.—On Friday, a lad named Porter, while at work in Sawyer's Soap Factory, on the corner of Pennsylvania avenue and Stevenson street, fell through a hatchway, receiving injuries from which he died a few hours after. The funeral took place on Saturday, and while the solemn cortege was en route to Hilldale Cemetery, the carriage containing the mother and sister of the deceased capsized. Mrs. Porter and daughter were thrown violently to the ground, along which they were dragged for some distance with the wreck of the vehicle. The old lady had her collar bone broken, besides being injured internally to such an extent that it is feared she cannot recover. Miss Porter's injuries, though painful, are not regarded as dangerous.

Before Alderman Taylor.—Emma Royal appeared before Alderman Taylor of the Fifth ward, on Saturday afternoon, and preferred a charge of assault and battery against Alese Greenwood, the proprietor of a drinking saloon on Pike street, in the above ward. Emma, who was a domestic in the household of Greenwood, alleges that the latter had struck her violently in the mouth without just cause or provocation, and she, therefore, sought the aid of the law for protection. She also made oath against the same party for selling liquor on Sunday. The defendant was held to bail in the sum of three hundred dollars on each charge for his appearance at Court.

Runaway.—A horse attached to a light buggy took fright on Smithfield street, on Saturday evening, and darted along that thoroughfare at a fearful rate of speed. At the corner of Fourth street he came in contact with a gas lamp and the shafts parted from the vehicle, leaving it a mass of shattered fragments upon the pavement. The horse continued in his wild career till brought to a halt at an apple stand on Fourth street, into which he plunged, causing a great fall of sweet meats and fruits. Fortunately no one was injured by the runaway.

Leave for New York.—On behalf of the Committee on Inspection of Fire Alarm Telegraph Systems, appointed by City Councils, Messrs. W. N. Ogden and John H. Hare, leave to-night for Philadelphia and New York. They will examine into the working of the systems now in operation in the East, and report at the next meeting of Councils. As both gentlemen are shrewd business men and have an eye to the public welfare, their report will be looked for with much interest by the community at large.

Passing Counterfeit Money.—Silas Jones, who was charged before Alderman Humbert some two years since, with having passed upon S. C. Duffy a spurious note of the denomination of ten dollars on the Merchants' and Manufacturers' Bank of Wheeling, knowing the said note to be counterfeit, was arrested on last Saturday by officer Lutz and committed for trial. Since the original information was made Jones has been absent from this city, and had but just returned to it a few hours previous to his arrest.

Grave Contradiction.—A few days since we stated that the body of Ben Marschal, the Boyd's Hill murderer, had been exhumed by members of the medical fraternity, and used in the dissection room. There were no grounds for such an assertion, as the mortal remains of Marschall were never disturbed but rest quietly in the churchyard. Mrs. Grinder's body was embalmed and kept a fortnight after her death, but was then buried, in a country burial ground a short distance from the city.

Error.—In our notice of the surgical operation performed upon Mrs. Williams, in Allegheny city, for the reduction of an abscess, we were in error in stating that a consultation had been held between Drs. Hoffman and Gourard. No such conference was had, and the surgical operation was performed by Dr. G. without consultation.

The Loss.—The losses sustained by the fire at the board yards of Robert and James Hill, corner of Penn and Morris streets, Ninth ward, on Friday night last, are given as follows: Robert Hill, $2,500, insurance, $1,000; J. B. Hill, $5,000, no insurance; Jeffrey Lancashire, (frame house) $500, insurance, $500; Geo Cramer, (frame house) $700, insurance, $300.

United States Circuit Court.—The May term of this Court will commence this morning. As Judge Grier will not be present, in consequence of illness Judge McCandless will therefore preside during the sitting.

Jury trials in the District Court will be resumed on Wednesday morning.

Personal.—We were pleased to meet yesterday our esteemed friend D. R. Walker, Esq., Superintendent of the Fire Alarm and Police Telegraph in Philadelphia. He arrived in the afternoon train, and intends remaining here for a few days. His Pittsburgh friends will take care of him.

Venire Ordered.—On motion of United States District Attorney Carnahan on Saturday, a venire was ordered for Grand and Traverse Jurors for the June term of the District and Circuit Courts, to be held at Williamsport, Lycoming county, next month.

Bad Hose.—The hose lately furnished to the Independence Hose Company, are worthless in every particular, several sections having burst at the recent fire in the Ninth ward. At present this company is badly in need of a new set.

A Mistake.—The Reading *Journal* says that the Senate has confirmed the new appointment for this district. Evidently this is a mistake, as no announcement to that effect has yet been received here.

Assault and Battery.—Thomas Morgan was charged on Saturday before Alderman Taylor with assault and battery on oath of Daniel Keagan. After a hearing Morgan was held in the sum of $300 to answer at court.

Attempted Rape.—On Saturday a young man named Robert Fowler was committed to jail by Alderman Johns, of the Seventh ward, for assaulting a certain Jane Young with intent to commit a rape.

In their Quarters.—James W. Sowles and Salvadore Pappori, whose sentence for dealing in counterfeit money is noticed elsewhere, were taken to the Penitentiary on Saturday afternoon.

Accident.—On Saturday night a little boy about four years of age, named Snyder, fell into an excavation on Smithfield street, near Sixth. He was seriously, though not fatally, injured.

Will Meet.—The Sanitary Committee will hold a regular meeting at Council chambers to-night. It is to be hoped that there will be a full attendance of the members.

Before Mayor Morrison.—Thomas Robinson was brought before Mayor Morrison yesterday on a charge of having obstructed Gray's alley with his milk cart, contrary to the provisions of a city ordinance.

J. Coleman, James Brand, Latimer Hannan and M. Jones, for depositing filth on the bank of the Allegheny river, were fined in the sum of ten dollars each, which they paid and were discharged.

M. Campbell, for committing an aggravated assault and battery on the person of William Rowe, was held in $300 to answer at court.

Malicious Mischief.—Robert Lockhart, a resident of Lawrenceville, made oath on Saturday, before Alderman Taylor, against three men, named Adam Pelerieda, Mattew Hughes and James Reynolds, accusing them of having maliciously and wantonly thrown stones through the windows of his dwelling house, imminently endangering the life of himself and family. A warrant was issued for the arrest of the perpetrators.

Shovers of Counterfeit Money.—We have heretofore made note of the fact that quite a large quantity of counterfeit greenbacks have recently been "shoved" in this city. Yesterday afternoon one of the United States detectives succeeded in arresting a person suspected of being implicated in the passage of the bogus money; but at the request of the authorities we refrain from giving names or particulars for the present.

Reward for Incendiaries.—Fire Marshal Murphy offers a reward of $500 for the arrest and conviction of the party or parties who fired the board yards of Rowan McClure and Robert and J. B. Hill, in the Ninth ward, and the stable of Joshua Rhodes, in Barker's alley, last week. We sincerely hope the villains may be caught and made to suffer a just punishment.

Put Over.—In the United States Court, on Saturday, on motion of Thomas M. Marshall, Esq., the case of Arthur Kirkpatrick, under indictment for passing counterfeit postal currency, was put over until the special term, to be held in August next.

Election for Burgess.—A special election will be held in the borough of Lawrenceville on the 22d inst., for Burgess, in place of S. H. Keller, Esq., resigned.

All Right.—That pitfall which has been open in front of the Allegheny Gas Works for the past two weeks, has been closed. So much for the power of the press.

Infanticide.—The body of a male infant was found a few days ago floating in the Ohio river, at Steubenville, Ohio.

Smoking Material, and Where to Purchase

Smoking of late has become quite an expensive luxury, and yet it is one in which almost everybody indulges. To many it is a source of consolation, and indeed it may be truthfully said that temperance has no stronger ally than in a choice fragrant cigar. We find no fault with the custom, since men of mighty intellect discover in a tempting Havana or delicate cheroot, an exquisite and soothing pleasure. Without a cigar in his mouth Grant would be a picture of extreme misery, while the keen brain of Seward finds no inspiration till he is surrounded by a halo of his own creation—a halo of smoke. All great men smoke, and the only obstacle in their way to prevent them from indulging in the pleasure, is to know where to the best advantage to obtain the best of cigars, or the most fragrant of tobacco. Were all great men here we should readily remove the obstacle, for D. Haggerty, No. 87 Fifth street, opposite the *Gazette* building, has obtained a great reputation as a successful caterer to the nicotian appetite of man. In his elegant store can be found an unsurpassed stock of tobacco and cigars, which embraces all the favorite and popular brands, from the delicious Havana and Cuba wrapper to the more humble though equally tempting "old toby." A connoisseur himself, Mr. Haggerty has given his special attention to the purchase of such a stock as will secure him a large patronage, and at the same time sustain the high reputation of his establishment. He likewise keeps constantly on hand a full line of meerschaum, brier-root, china, porcelain and clay pipes, and cigar tubes, amber mouth-pieces, snuff boxes, cigar holders, and cases, and every thing usually kept in a first class tobacco emporium. Of pouches he has an endless variety, but special mention should be made of a standing novelty in its way, which has but recently been introduced from the East, where it is quite popular among smokers. It is called the "waterfall pouch," and we predict for them a great demand and sale. Mr. Haggerty's store is on your way home, it is but a stone-throw of the Custom House, and is convenient to everybody. If you are a participant in nicotian pleasures, and are desirous of obtaining the best article of the weed at the most reasonable of rates, give him a call, and you will discover that he claims no more than his superior stock merits.

The Place to Secure Bargains.

Among the many improvements of the city, our attention has specially been called to the retail Dry Goods and Carpet House of E. Deaker, corner of Fifth and Grant streets. The proprietor of this prosperous establishment has rendered the stand one of the most attractive of the two cities. The entrance is from Grant street, and the richly trimmed windows and oil-cloth covered doorway seems to our mind an attraction sufficient to catch all of the up-town trade. But we need not tell our readers that the beautiful appearance and arrangement of the store is all that commends itself to the purchasing community. It is the *small* margin profits which occasions the *great* rush at Deaker's. No matter when or at what hour of the day you enter the store, you will find it thronged with purchasers. Great bargains are offered, and the economical housewife avails herself of the opportunities, knowing that a penny saved is a penny earned. Fresh from first hands the goods of this establishment have all been purchased and anxious for quick sales and content with small profits, the store ever does a lively and paying business. A full and carefully selected stock of silks and dress goods of every description occupies the shelves, and a number of polite and attentive salesmen and lady clerks are in attendance to show goods and compare prices to all who may call, whether or not desiring to purchase. The stock of rugs and carpets has also been selected with equal care and is offered at prices which forbid the thought of their having been a war to increase the rates for such articles. Mr. Deaker has profited by a nearly life-long experience at the business and he now offers his large stock of goods at bargains unheard of and prices unapproached. Call in see and judge for yourself.

A CHANGE.

The GAZETTE establishment has been sold to Messrs. PENNIMAN, REED & CO., by whom it will hereafter be conducted. These gentlemen have all the ability and enterprise requisite to impart fresh life and usefulness to every department of the concern, and we commend them to the confidence of the public.

GAZETTE ASSOCIATION.

In entering upon the management of the GAZETTE, we beg to remark that its political character will remain substantially unchanged. It will continue to advocate Universal Liberty, the restoration of the Union by just and reasonable guarantees for future peace and concord, the protection and ennoblement of Labor, and the diffusion of Education among all classes of the people. Especial pains will be taken to publish the latest and most reliable local and general intelligence; and in all respects to adapt it to the factory, the counting-room and the family circle. Already a valuable medium for business advertisements by its wide dissemination throughout Western Pennsylvania and Eastern Ohio, we shall immediately take measures to increase its availability in this particular. No efforts will be spared to sustain its former high reputation, and to put it on a basis to compare favorably with the best journals in the country.

PENNIMAN, REED & CO.

THE CONFLICT between the President and Congress relative to the right of removal from office, has called attention anew to the necessity of providing for a different tenure of office under the United States government than that which it now obtains, and in all the papers that have discussed the question, we note an approval of the life tenure as the best that can be devised.

In the first forty years of this government removals were never made for opinion's sake. Whether the power to make such removals was doubted, or not, we cannot say; but in the conflicts between Federals and Democrats—and they were as bitter and acrimonious as those of our day—a resort to the appointing power of the President as a means of rewarding friends and punishing enemies, was once not thought of. The original appointees of the first administration held on until death or resignation rendered their places vacant; and the patronage occasioned by vacancies thus created was all that the succeeding administrations cared to enjoy.

The first intermeddling with this system, sanctioned by JEFFERSON, the two ADAMSES, MADISON and MONROE, was made by General JACKSON, under whom it grew to be an axiom of the government that "to the victors belongs the spoils;" and ever since then each succeeding administration has seemed to find its chief delight in removing from office the appointees of its predecessors.

The experience of the country under the two systems has demonstrated the superiority of that established by WASHINGTON, and the necessity of returning to it. Under the Washingtonian plan the country had honest, efficient officers, and the people were well served by men who knew how to serve them; under the present plan, as soon as a man grows to be serviceable to the public by his experience, he is turned out to make room for some one who knows nothing of the duties he is called on to discharge. The result is an inefficient public service and an unhealthy scramble for office, which renders everything uncertain.

So long as this uncertainty hangs over the offices of the nation, the men best qualified to fill them will rarely seek them. Indeed, we may say that they never seek them except under the pressure of necessity. A man who can make an ordinarily good living at any other business would be foolish to seek or accept one, because he is not sure of retaining it beyond a few years, and then he may find himself out of both office and business.

The old tenure of office was "for life, if he shall so long behave himself." So long as an officer is efficient and behaves himself well he should be allowed to remain in his place. He will then be under no temptation either to interfere in politics or to sell his principles for the sake of keeping his place, and depend upon it the public will be better served in every way.

Individuals, in the management of their business, do not part with a good subordinate if they can retain him. They know the advantage of holding on to a good man when they have found him. Why, then, should the government be less wise than individuals? There is not a man in this whole nation who would be silly enough to carry on his business upon the basis adopted by the national government.

MR. JOHNSON'S friends say that it is not *his* fault JEFF. DAVIS is not tried for Treason. He has been anxious all the while to have him tried; but Chief Justice CHASE refuses, they say, to hold court in Virginia, and so his trial is postponed on the President's part.

But why do they not tell the whole truth? Chief Justice CHASE refuses to hold court in Virginia; true: but why? Because the writ of *habeas corpus* is still suspended in that State, and he does not think it compatible with the dignity of the U. S. Supreme Court to hold court in a State under military jurisdiction. He tells the President frankly, however, that if the writ of *habeas corpus* is restored in that State he will cheerfully proceed to hold the usual sessions of the Circuit Court over which he presides.

Now, as the President is the only one who can restore the writ, he can secure the holding of a court competent to try JEFF. DAVIS at any time, by simply issuing a proclamation declaring that writ restored in the State of Virginia. The whole power is in *his* hands; and so long as he refuses to use his power so long it will be his fault, and not that of the Chief Justice, that the arch traitor is not tried.

THE gentleman nominated for U. S. Senator in Connecticut is not Gen. TERRY, the hero of Fort Fisher, as many suppose, but Gen. O. S. FERRY, formerly a member of Congress from that State.

MR. LAWRENCE'S SPEECH.

The *Post* coarsely assails Hon. GEORGE V. LAWRENCE for his recent speech in Congress, alleging that he abused Mr. CLYMER, and assailed the President fiercely. We have looked carefully over the speech, as it is reported in the Congressional Globe, and can find nothing in it to justify the coarse invectives of the *Post*. The speech is remarkably mild in tone, and there is not an abusive word in it. We submit the principal portions of it:

Mr. Lawrence, of Pennsylvania. I will now refer to a scene which has come up vividly before my mind since my friend from Illinois (Mr. Ingersoll) commenced his speech—a scene which occurred three years ago or more in the Senate of Pennsylvania—when I heard Andrew Johnson slandered and vilified more than I ever heard any man abused in a public body by that same Heister Clymer and his Democratic associates. I have the speech here. I was told that the Senator was careful to suppress some parts of it, but in that speech he assailed Andrew Johnson in the strongest terms, declaring him utterly unworthy of the confidence of the Democratic party. And why was it that he made that assault on Andrew Johnson? Because we were disposed to honor him by giving him the use of the hall of the Senate of our State in which he could be heard in defence of the war. The Democratic party refused to vote for it; they would not even permit his voice to be heard in that hall in favor of the cause of his country.

A motion was first made in the House that Andrew Johnson and Governor Wright, of Indiana, should have the use of the hall of the House in that dark hour of the country, and how was that motion met by the representatives of the great Democratic party, who are now, or claim to be, the special friends of the President? It was defeated by their votes, and then presented in the Senate. I have no disposition to join in any vituperation against the President. I am far from endorsing some of the utterances of my friend from Illinois [Mr. Ingersoll] in his speech to-day in regard to Andrew Johnson. I shall never engage in any personal abuse of any man who may be opposed to the policy of the party with which I act. But, sir, I say that this same Democratic party, led on by this same Heister Clymer in Pennsylvania, were opposed to allowing Andrew Johnson an opportunity to be heard in the hall of the Senate of Pennsylvania, and that the very same leaders have been here in this capital, and I have met them in the presence of the President of the United States, asking, as I suppose, for his interference in the State in favor of their party. These very men abused him two years ago as I never heard a public man abused in a public assembly, as I had occasion to know, for I was in the chair at the time, and was compelled several times to call them to order on account of their low abuse of a man that I supposed then to be, and still hope that I may be permitted to call, a patriot.

After a colloquy between Mr. LAWRENCE and several of the members, an extract was read from Mr. CLYMER'S speech in the State Senate against granting him the use of the Hall, with which our readers are all familiar. Mr. LAWRENCE then alluded to the hypocrisy of the Pennsylvania Democratic Platform, in its endorsement of ANDREW JOHNSON, and referring to the President, said:

I helped to elect him. I would be glad, sir, to say that I endorsed every act of his Administration. I do not, and I cannot. I came here as anxious as my friend from Illinois that we should be united, that the President and Congress should stand together in this great issue. I knew the assaults we had to meet from the Democratic party. I knew they were thirsting for the loaves and fishes. I knew they would use every effort to secure possession of the Government. I was anxious that we should stand upon the platform of the party which would save us from this humiliation and disgrace. I did all a man could do to stand by the President, and, as some of my friends know, subjected myself to suspicion and reproach from some of my radical friends, because I did not endorse all their policy. I regretted to hear the President abused early in the session. I was anxious we should be kept together; but after his speech of the 22d of February, and after his veto of the civil rights bill, I found I could not go for his whole policy without degrading myself and losing my own self respect.

And I say here, in the presence of the nation, that my district that voted for him was in favor of sustaining his Administration until by some of his own acts, and by means of the copperhead party all over the land, he succeeded in destroying that confidence which I desired to cultivate; and to-day I have the gratification to know, although I represent a doubtful district, that the President, by the removal of pure, honest, and patriotic men, and by pardoning men covered all over with crime, who have been guilty of treason to the country, and by suffering himself to be led astray by our opponents, has made it necessary for the Union men to stand together in support of the general policy we sustain here, and they are as earnest and as powerful as when they sustained Andrew Johnson for the Vice Presidency of the United States. They stand in opposition to the general policy of the President, and in favor of the general policy pursued by the party in Congress, and I stand here with them. I am not going to abandon my principles to follow the lead of any man. I was willing to yield something for peace and harmony. When war is made upon us, when it comes upon the wings of the wind every morning and evening, when we are attacked upon all sides, when attacks are made upon our people because they are not willing to bear the yoke, I cannot support the policy.

Mr. Speaker, I will not abuse the President personally. I never do that thing. I predict, with the honorable gentleman from Illinois, that we need not fear the contest. We live in an age of advancement, when bibles and churches and school houses are scattered all over the land; when men are expected to respect a man because he is a man; when men are expected to do justice to all men, white or black; and I say the day is not far distant when this miserable copperhead party, that has no love of principle, that does not stand by its professed principles during more than one campaign, that has changed them in my own State twenty times within my own knowledge, when this Democratic party that derided Johnson, that slandered Lincoln—yes, sir, for they did deride, vilify, and slander him all over the land, calling him a low buffoon, while to-day they come up and hypocritically sing praises to his memory—I say the day is not far distant when this democratic party will sink into oblivion covered with the curses of the people it has deceived.

He next referred to the removal of Mr. MURDOCK, the U. S. Marshal for this district, and said:

Now, I venture to say—and I have not seen the record, and do not know whether there is any or not—that there is not an honest Union man in western Pennsylvania who signed any remonstrance against the late marshal. No charges were or could be preferred against so pure and upright a man, respected and loved by all who knew him. But here is a little cabal or clique of three or four men in Pittsburgh, in the district of my colleague [Mr. Moorhead,] who cannot control twenty votes in any ward or borough in the State, brought this influence, with the aid of leading Democrats, to bear on the President; and now I make the prediction that notwithstanding that attempt to break down my colleague in his own district by removing some of his purest and best friends, he will come back here to the next Congress with as large a majority as he ever had before. Those few men, "sore-heads" we call them there, are men who always want offices from any party that has them to give. I hope the President has been deceived in regard to that man, for he would not inflict such injustice on his loyal friends in western Pennsylvania—men who sustained him so cordially and so effectively.

I have always been treated kindly by the President personally, and always expect to be. When he makes a mistake he allows me to refer to it. And if I mistake I am willing that he should refer to it; if he does not do it in a speech on the 22d day of some month.

Recurring again to the nomination of Mr. Clymer, at the close of the speech, in answer to some remark made by Mr. Randall, of Pa., he said:

And I tell him that on the night of the second Tuesday of October next we will send up from western Pennsylvania a voice which will convince him that the people have not forgotten the record of Heister Clymer. They have not forgotten the fact, which the legislative journals prove, that he uniformly voted against securing to the soldiers in the field the elective franchise; and in a public speech he boasted of having done so. In my presence he voted over and over again against every proposition calculated to assist and sustain the State and the nation in the late struggle. He has been a most consistent friend of Vallandigham and William B. Reed, and that class of men all over the country; and he is a fit representative to-day of the Democratic party. He is a friend of Woodward, who as judge of the supreme court made a decision against the constitutionality of the conscription law, and who, because of that decision and one against enfranchising the soldiers of the State, was nominated by the Democratic party for Governor.

This is the principal part of all that was said by Mr. Lawrence about Clymer and the President, and if there is any "abuse" in it, we have failed to detect it.

Chief Justice Chase's Views.

The following letter from Chief Justice Chase was read at the meeting of the American Anti-Slavery Society, held in New York on Tuesday evening:

WASHINGTON, May 1, 1866.

Dear Sir:—I cannot attend the annual meeting of the American Anti-Slavery Society on the 8th. Accept my sincere wishes for the complete accomplishment of its purpose to achieve the deliverance of our country from the spirit as well as the fact of slavery.

Among the most urgent duties of the hour, I count that of pressing upon the intelligence and the conscience of our countrymen the expediency as well as the obligation of unqualified recognition of the manhood of man.

The nation has liberated four millions of the people from slavery, and has made them citizens of the Republic.

That all freemen are entitled to suffrage, on equal terms, is an axiom of free government. Neither color nor race can be allowed, without injustice and damage, as grounds of exception.

If, in the first movement towards national reconstruction, this truth had been distinctly recognized by an invitation to the whole loyal people of every State in rebellion to take part in the work of State reorganization, can it now be doubtful that the practical relations of every State with the Union would have been already established, and with the happiest consequences?

Nothing is more profitable than justice. Does not suffrage promote security, content, self-respect, betterment of condition? With suffrage will there not be more and more productive labor than without? Will not suffrage insure order, education, respect of law, activity in business, and substantial progress?

I have heard that the difference between the production of the lately insurgent States with universal suffrage, and the production of the same States without it, is estimated at one hundred millions of dollars a year. At this rate, the injustice of the denial of suffrage will cost those States—will cost the nation—five hundred millions of dollars in five years, enough to pay nearly one fifth of the national debt.

Is it too much to expect that sensible and patriotic men in those States, will, before long, see their true interest in their plain duty, and join hands with those who seek, not their injury or their humiliation, but their welfare and their honor, in equal rights for all?

However these things may be, this, at least, seems clear. The men who so long contended for justice to the enslaved, and now contend for justice to the emancipated, will not, cannot, must not cease their efforts till justice prevails.

Yours, truly, S. P. CHASE.

Employees in the Departments.

The resolution of inquiry offered by Hon. Green Clay Smith, of Kentucky, with reference to the employees in the several departments, will, if properly replied to by the different Secretaries, reveal some startling facts in relation to the male and female employees of the Government.

The investigation was instituted yesterday, and there was a general flutter among the clerks, especially the lady clerks, many of whom showed, by their answers to the questions put to them, that they never had any friends in the Union army, while they had plenty of them *in the rebel service*. The same is true of a large number of the male clerks. Andrew Johnson's promise to give positions to returned Union soldiers is, like all his other pledges, entirely forgotten. Very few soldiers have received appointments in the departments since his circular was issued, except such as promise to support "My Policy."—*Phila. Press.*

THE Constitutional Amendment reported from the Joint Committee of Fifteen, to form the basis of a system to the restoration of the revolted States to representation in Congress and thus to a complete National Reconstruction, yesterday passed the House by Yeas 128; Nays 37—far more than two-thirds in the affirmative. Every Member elected by the Republican Union party voted Yea, including even Mr. Raymond, whose journal has been so hard on the Committee and the Report that we supposed he would certainly vote No. The Kentucky half-breeds of course voted with their fellow supporters of McClellan in 1864. Messrs. McKee and Randall of Kentucky voted with the Republicans—Yea. Latham and Whaley of West Virginia voted with the Copperheads, and probably mean to go with them hereafter.

The amendment now goes to the Senate, and we trust will there be carried by more than the requisite two to one. It is not what we would have; but we believe in taking the best we can get as the true way to get more thereafter. The proposition may be amended here, as it would have been in the House but for Democratic opposition.—*N. Y. Tribune.*

PUNISHING TRAITORS.—A few days ago an East Tennessee Judge sentenced a prisoner convicted of treason to fourteen years' imprisonment. The Lower House of the Tennessee Legislature has passed, by a vote of 44 to 11, a resolution declaring that Jefferson Davis and other leading rebels, have forfeited their lives, ought to suffer death, and be held infamous forever. It is evident that President Johnson's former co-laborers in Tennessee still hold to the opinion that "treason should be rendered odious."

A TRAGEDY IN A COURT ROOM.—A terrible tragedy took place on the 7th instant in a court-room at St. Louis. A woman named Bright had been fined $100 for committing adultery, and was about paying the fine when her husband drew a revolver and shot her through the head, inflicting injuries of which she died in the evening. After shooting his wife, Bright turned the pistol against his own bosom, but was foiled in his attempt.

Ex-Governor Johnston's Military Record.

MESSRS. EDITORS:—Your article Friday morning does great injustice to one or more of the new appointees. You want to know something about Ex-Gov. Johnston's military record, you must have forgotten that he filled the high position of Brigadier General; I think it was in the home guards, you surely recollect the grand parade in Allegheny on a certain 4th of July; whether he ever turned out again, history has failed to record. I think he was an applicant for a Brigadier's position, but the Secretary of War failed to see his qualifications for so important a position; probably he came to the conclusion that one day's parade and drill with the home guards did not afford sufficient grounds for appointment on the score of military experience.

A LOOKER ON.

THE FREAKS OF LIGHTNING.—A singular and fatal accident occurred during a recent heavy thunder storm, in which a little daughter of a Bohemian family living in Shakopee village, Minnesota, was instantly killed by lightning while sleeping in bed with two other children. The lightning entered through a whole pane of glass, not making a hole larger than a rifle bullet. The little girl that was killed lay on the side of the bed next the window, and the child lying upon the opposite side of the bed was badly burned, while the youngest, sleeping in the middle, did not receive the slightest injury.

BANKERS AND BROKERS.—The Attorney General of the United States has addressed an opinion to the Secretary of the Treasury to the effect that under the statutes of the internal revenue and the recent decisions of the Supreme Court in brokers' and bankers' cases, bankers who negotiate sales of stocks, not only for themselves, but for others, are bankers doing business as brokers, and that both are precisely on the same footing. This endorses the recent circular order of the commissioner of internal revenue on the subject.

LOSS OF CONFIDENCE.—Mr. Doolittle said yesterday in the Senate, that he had lost confidence in the newspapers. There is a similar feeling in the State of Wisconsin. The Legislature has passed a vote of want of confidence in Mr. Doolittle.—*N. Y. Com. Adv.*

THE NEW

Spring and Summer Medicine.

FLUID EXTRACT

SARSAPARILLA,

COMBINED WITH

Iodide of Lime,

PREPARED FOR

G. W. PETTERS, BOSTON,

BY

James R. Nichols & Co.,

MANUFACTURING CHEMISTS,

MANUFACTURERS OF THE

ELIXIR PERUVIAN BARK

WITH

Protoxide of Iron,

Which has become so favorably known as a

Tonic and Restorative,

By Physicians and Invalids in all parts of the country.

The new preparation, "SARSAPARILLA IN COMBINATION WITH IODIDE OF LIME," presents one of the most prompt alterative agents, in a form capable of exerting full action upon the system, and this in minute and pleasant doses. It is conceded that the alterative, resolvent, or tonic effects of Iodine, are exerted most decidedly when associated with other alteratives, in combination, and the Sarsaparilla seems to fulfil perfectly all the favorable requisitions.

The first effect usually observed when "SARSAPARILLA WITH IODIDE OF LIME" is taken, is an increase of appetite, showing that it has tonic properties of a marked character. Its alterative effects are manifest in its ready combination with the blood and tissues. Pale, scrofulous women and children improve rapidly under its use, and the vital functions assume a healthy condition.

It is admirably adapted to a large number of chronic or acute affections peculiar to children. It is suited to them, both by the mildness and efficiency of Medicinal effect and the pleasant, attractive form of the remedy. It may be given for a long period where constitutional influences are desired, and no repugnance, or disinclination to take the syrup, encountered. In White-Swellings, Hip-Joint Disease, and Distortions of the Spine, it should be given persistently, in moderate doses, until relief is obtained.

In the Spring of the Year, and during the Warm Weather,

The accumulation of morbid matters in the system seems to become manifest and very troublesome. Lassitude, Headache, Boils, Costiveness, Loss of Appetite, Pains in the Joints, Indigestion, etc., are very common. Nothing ever devised is better adapted to exterminate or drive off these affections than this new combination of SARSAPARILLA WITH IODIDE OF LIME.

No preparation like it, or which approximates it, as a

Alterative, or Blood Purifier,

has ever before been placed within the reach of invalids. Indeed, it is an entirely NEW and SCIENTIFIC combination, in no respect resembling anything hitherto employed.

The opinion of medical men concerning it, the description of its chemical character, therapeutic value, manner of use, etc., are given in a circular, which can be had at the store of any and all first-class Druggists.

For sale in Pittsburgh by all Druggists.

AGENTS WANTED

FOR OUR

NEW AND BEAUTIFUL WORK,

The Pictorial Book of

ANECDOTES AND INCIDENTS

OF THE REBELLION:

Heroic, Patriotic, Political, Romantic, Humorous, and Tragical.

Splendidly Illustrated with over 300 fine Portraits and Beautiful Engravings.

This work, for genial humor, tender pathos, startling interest, and attractive beauty, stands peerless and alone among all its competitors. The Valiant and Brave Hearted, the Picturesque and Dramatic, the Witty and Marvelous, the Tender and Pathetic, The Roll of Fame and Story, Camp, Picket, Spy, Scout, Bivouac, and Siege; Startling Surprises, Wonderful Escapes, Famous Words and Deeds of Woman, and the whole Panorama of the War are here thrillingly and startlingly portrayed in a masterly manner, at once historical and romantic, rendering it the most ample, brilliant and readable book that the war has called forth.

Disabled officers and soldiers, teachers, energetic young men, and all in want of profitable employment, will find this the best chance to make money ever yet offered. Send for circulars and see our terms. Address

SPLENDID COUNTRY SEAT

FOR SALE.

That elegant and substantial Mansion and tract of Land situated on the Virginia shore of the Ohio River, three miles below Wellsville, Ohio, and opposite the mouth of Yellow Creek, the junction of the river extension with the Cleveland branch of the C. & P. R. R.

The Mansion is a highly ornate and elaborate specimen of the Italian style of architecture. Its internal arrangements combine most of the modern appliances of elegance, luxury and comfort. An extensive view is had from the house of its own and the surrounding lands unsurpassed for fertility and beauty, and in the distance, the romantic and picturesque scenery of the Ohio valley.

There are fifty-three acres of land, in a high state of cultivation, a part of which produces choice grapes and other fruits in great abundance.

There are all out-buildings and arrangements to make it a complete home.

Early possession given. Apply to

SPECIAL NOTICES.

AYER'S PILLS—Are you Sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangement of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

AYER'S AGUE CURE,

For the speedy cure of *Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.*

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions.

CITY AND SUBURBAN NEWS.

(ADDITIONAL ON FIRST PAGE.)

East Birmingham News.

The population of this borough is now put down at about five thousand five hundred, almost equaling that of its elder neighbor. The rapid increase of East Birmingham, in the way of manufactories and dwellings, will be apparent to any one who remembers the appearance of things over there but a few years ago. The open fields which then existed on either side of Carson street have been laid out in lots, disposed of by the enterprising owners, and houses have been put up and continue to go up with surprising rapidity. The advance in real estate in the borough has been about the same as in other localities about the city. We may cite an instance. A lot twenty by sixty feet, with a small house thereon, was purchased in 1861 for $125, resold two years after at a small advance, again sold for $625, and a few days since was purchased for $1,200. No additional improvements had been made. Now that the gas works are in successful operation, and the water works about to be started, we confidently look for an even more rapid improvement of the borough. We had intended procuring a complete list of the new buildings which have been erected within a year, but found our time too limited to procure it. We may, however, notice some of them: Hamlin, Koegler & Co., have erected and put in operation a glass house, and manufacture bottles; Beck, Phillips and Co., a window glass factory; Page, Sellers and Co., flint glass house; C. J. Shultz and Co., nut and bolt factory. On Joseph street, A. Ammon, Esq., is having erected four frame dwellings, and on the same street, Thomas Griffith, M. Dengler, Jacob Specht, M. Koeghler, and Mr. Stolte, are also putting up dwellings, all frame. Mr. G. M. Fisher, one of the most enterprising and substantial citizens of the borough, has erected a fine large three story brick on Carson street, which he occupies as tin shop, store, and dwelling, with large hall on third story. Three schoolhouses are now required to accommodate about eight hundred pupils. Two of the houses belong to the borough, and the third, the East Birmingham Academy, is rented by the school board, from Rev. J. K. Ormond. The amount of tax assessed for the present year is $16,287 92—bounty, $9,770 82, borough and special, $6,517 10. Mr. C. Feld has been re-elected (by the Council) collector, and has been required to settle up his duplicate for '65, before receiving that for '66. Among other improvements suggested is the grading and paving of Meadow street, southward to the borough line. The opening of Mary street, from Page to Railroad, is strongly insisted upon. The streets generally are in very good condition. During last month the Commissioner expended $234.70 in making repairs. Calling at the office of Justice Ammon, the "head-center" of all legal and many other kinds of business of the borough and vicinity, and generally a prolific source of items for "ye local" in his occasional tramps to the South side, we found that dignitary busy as usual, in serving his constituency. As we entered, a worthy Teuton, having prospered by his industry in this free country, and contemplating a visit to his "Faderland," addressed the Justice on the subject of procuring a passport. He was informed that it was necessary for him to produce his naturalization papers. He drew forth a paper, which proved to be his certificate of baptism, thinking that would suffice, but the magistrate enlightened him as to the fact that the question as to whether he was baptised did not enter into the matter. He then retired to get his allegiance documents. The next transaction was of rather an interesting nature, at least to those most concerned. His urbane magistracy required our presence on the occasion. A fair-looking damsel of almost twenty-one (so she said,) leaning upon the arm of a well developed specimen of manhood, (he said he was twenty-five,) desired to be united in the "holy bonds of wedlock." The Justice made a few pertinent inquiries. The lady said her mother was dead, that her father did not know of her intentions, but did not suppose he would object. The matrimonial knot was then tied with due solemnity, and according to the book. Before joining hands the justice required the lady to remove her glove, this in accordance with his rule, that bare palms should meet on such auspicious occasions. The fee paid, certificate made out and duly witnessed, the wedded couple, with a brace of friends, departed homeward, we hope altogether satisfied. This was the fortieth couple joined in marriage by Mr. Ammon during his magisterial career. His office is an "institution" in the borough, the source of very great convenience to a large number of citizens. The amount of business transacted by him may be judged from the fact that his income last year, upon which he will have to pay tax to the government, was about three thousand dollars. In criminal cases, those of a summary nature, he is proverbial for acting impartially and with severity, when required, occasionally deeming it necessary to oblige some of the b'hoys of the "Dew-Drop" order to answer for misconduct in the sum of $25 and the costs.

Fire Alarm Telegraph.

A number of public spirited citizens are actively interesting themselves to procure the construction in Pittsburgh of a Fire Alarm Telegraph, suitable to the wants of the department, the necessity of which is almost universally admitted. We learn that a well-known citizen designs making a proposition to build a complete fire alarm and police telegraph, the same in every respect as the Philadelphia system—more particularly known as Kennard & Co.'s American Fire Alarm Telegraph—at its original cost, the citizens of Pittsburgh, or any association of individual citizens, to furnish the necessary funds to pay for the material and labor required for its construction, and to allow the gentleman making the proposition, or his agent, a reasonable compensation, or salary, for superintending the construction. He proposes to enter into bonds for the faithful performance of the work, and for any suits that might arise for infringement of patents, and to guarantee that the telegraph shall work properly and satisfactorily—to be thoroughly tested before the city will be required to take it off his hands. This proposition will be submitted to the City Councils at their next meeting for their action.

Sentence Postponed.

James Alton, the man convicted of passing a counterfeit fifty dollar greenback upon a Sixth ward tavern keeper, in February last was brought before Judge M'Candless, of the United States District Court, on Saturday, for sentence. An intimation having been thrown out that he had spent a term in the Penitentiary, His Honor interrogated him on the subject, but he denied the impeachment. In order that the fact might be fully ascertained, sentence was deferred until another time, and the prisoner remanded. It was subsequently made known by a note from Warden Campbell, that no man by the name of James Alton had ever been in the Penitentiary. Malefactors generally give other than their right names, and Alton is known to have called himself Myers, when under arrest in Lawrenceville a short time before his apprehension for the crime of which he is convicted.

Fair Closed—New Church.

The Fair of the German United Evangelical Congregation, of Birmingham, Rev. Boister, (held in the Market House,) closed on Thursday evening last, having continued for two weeks. The amount realized was over three thousand dollars, and the Fair was one of the grandest and most successful ever held in the borough. The congregation intend erecting a church, and have purchased a lot on Meadow street, East Birmingham, 100 by 20 feet, for $2,000, from Justice Ammon, agent for the First National Bank of Birmingham, to which corporation the property belonged. Proposals have been advertised for, and it is designed to complete the building during this summer.

First Class Shaving.

Among other conveniences at the Union (Railroad) Hotel, at the Liberty street depot, is a well appointed and most elegantly furnished barber shop, not surpassed, if even equaled, by any in the city. Mr. A. W. Anes, well-known as an accomplished knight of the razor, who recently held forth on Sixth street, near Smithfield, is in charge, and customers may rely upon being "done up" in a style in keeping with the grandeur of the saloon. Mr. A., beside being an adept himself, has in his employ men who stand first-class in the tonsorial "profession."

Being Repaired.

Second street, beyond Try, in the Eighth ward, for a long time in a very bad condition, is undergoing repaving, and we are glad to observe that the work is being done in a most substantial manner. During its progress travel has been in a great measure necessarily suspended, a source of inconvenience to coal haulers and others who cross the upper bridge from the boroughs on the South side. The re-paving is being pushed forward as rapidly as possible, and the interruption to travel will be of short duration.

Their Occupation Gone.—With the commencement of operations at the Monongahela Water Works, and the appearance of water in the pipes already put down in the Birmingham boroughs, the occupation of the "water haulers" will be gone. Quite a number of men have earned comfortable subsistence by hauling water from the river for the accommodation of the citizens, but they must shortly yield to the march of improvement and seek other employment.

Temperance Reform.—There has been quite a revival on the Temperance question in Birmingham, as recently there have been very large accessions to the membership of the Temperance League (a new organization) and the Temple of Honor. Let the good work go on.

Laying Pipe.—Workmen are still engaged in laying water pipe in Birmingham, on side streets. On Friday and Saturday they were operating on Bingham and Magee streets.

Counterfeiters Sentenced

In the United States District Court, on Saturday, Judge McCandless passed sentence on two men convicted last week of having in their possession counterfeit national currency. The first, James W. Sowles, a "boodle" carrier, who was trapped in Erie city, last November, with some two hundred and fifty dollars in counterfeit postal currency in his clothes, was sentenced to the Penitentiary for seven years. Salvadore Pappori, the other unfortunate, was sentenced to the same institution for the term of two years. This light sentence was imposed in consequence of the prisoner being unable to speak the English language and his short residence in this country. As to his not being able to speak English, the officer who conveyed him to prison has some doubt. Understanding the length of time for which he was sentenced to imprisonment, he inquired, speaking English, how long the other man was sentenced for, and being informed by the officer, repeated the words "seven years" with an air of satisfaction. In addition to imprisonment, Sowles was sentenced to pay a fine of $1,000, and Pappori $100.

The Firemen's Association—Election of Officers.

George W. Leonard, Esq., the efficient and attentive Secretary, notifies us that a meeting of the Firemen's Association will be held at the Hall of the Association, in City Building, this evening at half past seven o'clock. The principal business will be the election of officers and organization of the Association for the current year. There will be a sharp contest for Chief Engineer, for which position there are three aspirants, viz: John H. Hare, of the Eagle; David E. Hall, of the Stewart Hook and Ladder Company, and John Hamill of the Duquesne. Two Assistant Engineers are required to be chosen, and among those mentioned in connection therewith, is Joseph A. Butler, Esq., Alderman of the Sixth Ward, and member of the Good Intent.

Looking into Back Yards.—During the latter part of last week a committee of citizens of Birmingham, appointed for the purpose at a town meeting, were engaged in inspecting the premises of residents, particularly back yards. Where filth was found a request to clean up, and keep clean, was made. A united effort is being made to improve the sanitary condition of the borough, in anticipation of the advent of the cholera. The citizens of East Birmingham are also moving in the matter, and took the initiary steps at a meeting held on Saturday evening.

Rendered Safe.

Until recently it was quite unsafe, particularly in the night time, for persons to pass along the footwalk of Second street, near the Monongahela bridge, owing to the dilapidated condition of the fence and railing, caused by the giving way of the embankment. The necessary repairs have been made, and citizens of nocturnal habits can pass with entire safety.

A Paying Institution.—Some time ago we noticed the fact of the existence in Birmingham of a company grocery store, or "People's Trading Company." We are glad to learn that it is in full tide of successful operation, and that the expectations of the stockholders have been fully realized. At the close of the first six months, a short time since, a dividend of twenty-four per cent. was declared and paid.

FOR SALE--FOR RENT.

FOR SALE,

A SMALL FARM of 30 acres, situate in Baldwin township, Allegheny county, Pa., 5½ miles from the city, on the Brownsville road. The improvements are a large two-story Frame House, with 10 rooms, double parlor, wide hall running through the house; water near at the door; a Bank Barn, 50 by 30 feet, and other out-buildings; a garden of excellent soil, containing one-half acre, planted with all kinds of dwarf fruit and vines; fruit of every kind; about 700 or 800 trees of best quality of grafted fruit. The soil of the whole farm is good. The very best of fencing; a beautiful lawn in front, planted with shrubbery and trees. For a country residence, it is not surpassed, and for a profitable investment, there is no question.

Also, the best Farm in Elizabeth township, containing about 80 acres, lying on the Monongahela river, immediately below Lock No. 3, on which is erected a large two-story Brick Dwelling House, one log and one Frame Bank Barn, corn-crib, wagon shed, brick spring house, granary, work shop, &c. About 40 acres of the above is first quality river bottom; the balance being limestone land, and underlaid with coal, and about 20 acres of limestone. There are two orchards of apple trees, in good bearing condition; peach, pear, plum trees and grape vines, &c. The land is well adapted for gardening purposes, being a short distance from the thriving borough of Elizabeth, creating a market at home for all the products. This property will be sold cheap and on good terms.

Also, a Farm of 117 acres, situate in Fallowfield township, Washington county, Pa., about 2 miles from the town of Bentleysville. The improvements are, first, a two story frame house with five rooms; second, a two-and-a-half story hewed log house; third, a No. 1 new barn, 60 by 40 feet, a good spring house, three large orchards of different fruit, apple, peach, pear, plum, quinces, cherry, &c.; 90 acres cleared, the remainder in good timber. The land is level and of the very best quality, and will be sold at a reduced price.

Also, a Farm of about 120 acres, in Fairfield township, Westmoreland Co., Pa. The improvements are a hewed log house, with kitchen attached, a log barn and a tenant house, a good apple orchard, peaches and cherries, about 80 acres cleared, the remainder in the very best white oak timber. The land is good. The location is very healthy. This property I will sell very cheap. Possession immediately.

Also, at good prices, a Farm of about 142 acres in Fallowfield township, Washington Co., Pa., about one mile west of Lock No. 4, on the Monongahela river. The improvements are a two story log and frame house, a frame barn, wagon shed and other out-buildings, fencing generally good, a young orchard of apple and other fruit trees; 12 acres of coal of the best quality, and a vein of the best limestone; convenient to churches, schools, mills, &c. This property I am authorized to sell very cheap.

Also, a farm of about 240 acres, situated in West Wheatfield Township, Indiana county, Penna. The improvements are a good, comfortable, two-story Frame House, with 8 rooms, a large frame barn, carriage house, good corn crib, wash house, bake oven and a two-story stone spring house; about 130 acres cleared and in timothy and clover; a good orchard of apple, peach, pear and quince trees. The fencing is generally good. The land is of a good quality, abundance of limestone, and but a short distance from coal. This property will be sold very cheap.

Also, a Farm of about 200 acres adjoining the above. The improvements are a large two story Log House and a large frame barn; 175 acres cleared and under a good state of cultivation; a small apple orchard; a large two-story milk-house. These two farms united would make a first-rate Stock Farm, or will be sold separately.

Also, the best farm in Fairfield township, Westmoreland county, Pa., containing 240 acres; about 6 miles south of the Pa. Railroad. The improvements are two large hewed log houses; one of the largest and best frame barns in the township; two apple orchards. The whole farm is under a high state of cultivation. The fencing is all No. 1. The land is of the very best limestone; about 200 acres cleared, the balance in good timber. Possession on the first day of April, 1866. This property will be sold at a great bargain. The owner wishes to engage in other business.

Also, a Farm of 150 acres, situate in McCandless township, Allegheny county, Pa., about 8 miles from the city. The improvements are a Log House, a good barn, a young orchard of apple, peach and pear. I will sell this valuable property very cheap and on easy terms.

OUR EVENING TELEGRAMS.

FROM WASHINGTON.

The Merchants' National Bank Case.

ITS INDEBTEDNESS TO THE GOVERNMENT.

Reduction of Clerical Force.

WORKING OF THE FREEDMEN'S BUREAU

The Joint Resolution in the Senate.

THE NEW FIVE CENT-PIECE.

&c., &c., &c.

NEW YORK, May 12.—The Tribune's Washington special says: In the case of the Merchant's National Bank, had it not been for the conduct of Col. Spaulding, in disobedience of orders, in attempting to prop up the concern, because both of his securities were directors of the bank, no loss would have been sustained by the government. The Court of Inquiry is still taking testimony in his case, and will probably report next week.

The Select Committee of five, consisting of Senators Doolittle, Pomeroy, Anthony, Cowan and Lane, met this morning to take into consideration the propriety of reducing the clerical force, and increasing the pay of the remainder. The aggregate saving to the department by this means, it is estimated, will be about seven thousand dollars. Various heads were before the Committee, and generally argued in favor of the plan. A bill for that purpose will soon be reported.

The *Tribune's* Washington special says: The Senate to-day confirmed General Mann as Collector of Internal Revenue for the first district of Illinois, vice J. Scheider, removed.

The veto of the Colorado bill will be presented to a special Cabinet meeting on Monday, and then transmitted to the Senate.

The following is a statement showing the indebtedness of the Merchants' National Bank of this city to the Government, as taken from the books of the bank: Deposits to the credit of the Treasury of the United States, $58,567; pay-masters, $611,465; other disbursing officers and agents, $93,280; total, $763,312. Of this amount $369,154 was deposited between the 20th of April and the 3d of May, the date of failure of the bank. Among the depositors of the bank were H. A. Risley, Supervising Special Agent of the Treasury, who had on deposit $24,542; Elijah Sells, Superintendent of Indian Affairs, nearly $51,000, and Thomas J. Hobbs, Disbursing Clerk of the Treasury Department, upwards of $25,000. The officers of the Government think if they realize $5,000, exclusive of the security for the National deposits, they will be extremely fortunate. It is also estimated that Bayne & Co., of Baltimore, are indebted to the bank nearly seven hundred thousand dollars.

General Howard has appointed a special relief commission, of which Surgeon Robert Reiburn is President, and S. J. Bowen Vice President, to distribute the $25,000 appropriated by Congress for the relief of destitute colored people in this District.

Col. James L. Collins, formerly of Ohio, has been appointed Receiver of Public Monies and United States Depository at Santa Fe, vice Jno Gremer, late of Columbus, Ohio.

Generals Steedman and Fullerton, the Commissioners appointed to investigate the working of the Freedmen's Bureau through the Southern States, have made a report of their observations in Virginia and North Carolina. They sustain charges which have been freely made against the agents, of being interested in speculation, etc., and recommend the removal of the present officers of the Bureau from those States, and the transfer of the duties to officers commanding troops in the States, as the agents have but little to do, all cases for trial or adjustment having been turned over to the Civil Courts.

The House Committee on Public Expenditures met to-day, and laid a plan for the investigation of the alleged fraudulent practices on the Boston and New York Custom Houses, which they will prosecute vigorously.

General Howard yesterday received the following dispatch from General Clinton B. Fiske, head of Freedmen's Bureau in Tennessee:

Memphis, May 9th, 1866.—The school houses will be rebuilt. I shall remain till the waste places are restored.

C. B. FISKE, Brev. Maj. Gen.

The *Times'* Washington special says: The indications are unmistakable that the joint resolution which passed the House yesterday will be modified in the Senate by striking out the third section entirely, or substituting for it a provision declaring certain classes of prominent rebels forever ineligible to office under the National Government.

The President has appointed Col. Walter B. Scates Collector of Customs for Chicago.

To get up the new five cent piece which is soon to be issued, it will cost six hundred thousand dollars. There will be, when the coinage is complete, three and a half millions of dollars in this money in circulation, that being the amount of postal currency, three and five cents, that the coin is intended to supersede.

Gen. Butler on Reconstruction.

NEW YORK, May 12.—General Butler, in the Music Hall at Boston yesterday evening, expounded his scheme of reconstruction to an immense audience. All the leading politicians of the state, and some of the neighboring States were in attendance. In his remarks he deprecated the restoration policy of the President and the committee as alike unsatisfactory, and enunciated substantially the principles set forth in his plan published some days ago.

A Strike at an End.

TROY, N. Y., May 12.—The Iron Moulders strike in this city, which commenced some six weeks since, is now at an end, the last foundry having gone to work to-day. There has been a compromise between the men and employees.

FINANCE AND TRADE.

SATURDAY, May 12, 1866.

Our local money market is without any decided change. About the only feature of any importance is the increasing disposition to absorb almost everything in Government bonds, and especially is this the case with banks, mercantile firms, and private individuals, who have any spare funds, employing them thus as the most eligible means now offering for securing a high rate of interest, while the principal is always at command.

The loan market in the east seems easy, with call loans at 5 to 6 per cent on call, and commercial paper ranges from 6 to 12, while in our market, money is worth from 4 to 5 per cent more, for the same class of paper. Among the causes to which the excess of the supply over the demand for available capital, is ascribed, are the torpid condition of general business, which curtails in various directions the demand for accommodation; and, secondly, the increase of public confidence produced by the positive declarations as to the financial movements of the Treasury in the immediate future. The new funding bill, after receiving some amendments will, it is supposed, be reported next week.

The appreciation in the value of oil from $3 to $5 per bbl at the wells; the steady increasing demand, and short supply, caused by dealers holding on for higher figures, together with the absolute certainty that the Government has been removed, all conspire to infuse more confidence in oil dealers and oil stock holders. We hear of parties buying oil stocks in a quiet way, and the stocks of the following named companies are known to have changed hands within the past few days: "Columbia," "Phillips," "Dalzell," "Fleming & Blood," "Ritchie," and "Cherry Run & Pittsburgh."

Bank stocks are firm, and there is no falling off in the demand. We hear of 63 being offered for Exchange, (ex-div.) with little or none for sale. Also, 60 for Citizens; (ex-div.) 100 for Peoples; 58½ for Allegheny; 107 for Commerce; 77 (ex-div.) for Iron City, and 105 for Fourth National.

Some of our brokers are busily engaged in buying and selling New York oil and gold stocks, by telegraph, and they can operate as readily as if present at the New York Stock Exchange; and, by taking advantage of the fluctuations, some of our people manage to make handsomely out of their investments. The more popular of these sold there to-day at 12,90 for Bennehoff Run; 2,10 for Central; 1,50 for Pit-hole; 8,60 for United States; Con & Gregory (gold) 15.90; Gunnell, 1.10; Quartz Hill, 4,50; Smith & Parmalee, 10,20.

Government bonds were quoted in New York to-day as follows: 1881's, 109¾; Five Twenties, 102¾; Ten Forties 95¾; Seven Thirties, 102¾; Certificates, 100¾. Pittsburgh, Fort Wayne & Chicago Railroad stock, 99; Cleveland & Pittsburgh, 83¾.

The long continuance of monetary ease is so surprising, from its unexpectedness, that the question of how much longer this state of things will last is not without wide interest. The general opinion, drawn from a candid survey of all the circumstances of the case—direct, collateral or remote—is, that the present smooth and quiet operations in moneyed affairs need not be interrupted, but may go on for an indefinite period. The large accumulation of capital at the business centres; the general popularity of Mr. McCulloch's operations in handling the public debt and Government finances; his plan also, for consolidating the debt, and the influence of the pending bill now before the Senate, all look and tend towards increasing and extending ease in the money market for a long time to come. And again, the purposes of the Government, in the matter of consolidating the public debt into a thirty year five per cent loan, require an easy money market, for any stringency in it will render such a loan difficult to be realized and a biting stringency would render it impossible.

—The Titusville *Herald*, of Saturday, has the following in regard to oil movements at the wells:

Oil on Pioneer Run was picked up with difficulty this morning at $5,50. The sudden advance has taken many operators by surprise, and it goes to prove the great danger of recklessly speculating on the permanency of the supply, which a few weeks ago was supposed to be much in excess of what the demand would require. The repeal of the tax is not so much the cause of this advance as the speculation on the probable result of the repeal, which was carried to an extreme. The fact of the repeal causing an extreme of production in small wells lying still is very true to a certain extent; but this increase will be a mere fraction when compared with the rate at which those wells now yielding are falling off in their production.

This view of the case appears to have been entirely lost sight of until within the last few days. And now men are going to the other extreme, and offering prices for oil which have the tendency to make outsiders imagine that oil is going up to double what it is at present, from their eagerness to get it; and as it is always the case under such circumstances, there will be a general rush to buy oil, and a corresponding reaction will inevitably be the consequence, which will probably be a loss to hundreds of the best customers of the producers, and prove alike injurious to the interests of the whole territory.

A very large amount of oil is stored at Pittsburgh which may at any moment be sent forward to flood the eastern markets. A very considerable amount is also going east from here daily, as well as from Cleveland, and when the eastern markets are fully supplied it is doubtful whether the present advance in oil can be maintained. The best policy of the producers is to any sudden rise beyond what the actual condition of the eastern markets will justify. They will thus run no risk of a long prostration which a sudden and violent bulling of the market must inevitably produce. From present indications the markets will gradually rise until the short operators have made good all their contracts.

—The Chicago *Tribune*, of Saturday, in noticing the late Washington Bank failure, says:

We trust the lesson which has been learned by the Treasury Department will not be thrown away, and that the Government will take immediate steps to abolish the entire system making National or any kind of banks depositories of public moneys. Where there are no sub-treasurers, it may be necessary to do business through banks, but large sums of money should be speedily forwarded to the sub-treasurers, and the Government ought to use the banks just as a merchant would. In our own City, nearly all the National Banks are depositories of Government moneys; but we have yet to learn that any of them ever derived any real benefit in consequence. A bank might have half a million dollars of Government funds to-day, and not a dollar to-morrow. The prudent officers of our banks have invariably refused to loan Government funds, for the reason that they did not know the moment when some Government officer might step in with a draft and draw it all out.

Finance and Trade in New York.

MONEY AND STOCKS.

NEW YORK, May 12.—Gold has kept steady at 129. The Money market was very easy to-day, and the offerings were large at 4@5 per cent. on call. The Breadstuff market was heavy again to-day, with a further large decline on Wheat and Flour. Transactions in Petroleum and Mining shares on the street this afternoon were generally limited. Consolidated Gregory Gold was the only stock that there was any activity in; it sold down to 12.75 and closed at 12,90@13,00. There has been a steady investment demand for Government stocks during the week from banks and individuals, and higher prices are expected from Europe by the next arrival. There was a good business done to-day, and the closing rates were the highest of the week. There was more animation and activity in the Railway market towards the close of the day than for some time past; there was a general upward movement in prices, and the advance was most marked upon Reading, Michigan Southern, and Pittsburgh.

Petroleum and Mining stocks unchanged.

DRY GOODS EXCHANGE.

The market is steady to-day and quite firm. A good trade was done during the week: Prints—Allens, 16; American, 17; Amoskeag, 15½; Cocheco, 19; Dunnells, 16; Freeman, 15; Garner & Co., 18½; Merrimac D, 18; do W, 19; Pacific, 18; do Fancy, 18; Sullivan, 16; Victory, 13½. Cambrics—Manville, 13; Portland, 10½; Victory, 14; Washington, 15. Paper Cambrics—English, 16@18; S. S. & Sons, 20; Warran, 20; Sheeting and Shirting—Allegheny A, 22; Bates X X, 35; Bay Mills, 35; Forest Dale, 31; Hope, 28; James, 21; Jamestown, 22; Lonsdale, 33; Masonville, 33; New Market A, 24; New York Mills, 42½; Palace Mills, 25; Plymouth A, 19; Sheeting and Shirting, Brown—Atlanta, 20; Amoskeag A, 21; do B, 20; Appleton A, 21; Atlantic A, 21½; Augusta, 19; Bangor, 19; Cabot B, 20; do A, 20; Howard A, 19; James, 22; Laconia B, 21; Massachusetts, 18; New Market A, 21; Salmon Falls, 21; do C, 20; Superior I X L, 18½.

White Fish in Detroit.

DETROIT, May 11.—The trade in white fish exhibits a decided improvement. Prices are no higher, No. 1 being steady at $8, but the improved demand imparts considerable buoyancy to the market. Orders are in the hands of our dealers from Cincinnati, Cleveland, Central Ohio, Indiana, etc., and stocks being considerably reduced, it is rather difficult to fill them. Some of our present customers have generally derived their supplies from Chicago, but the dealers of that city have been anxious sellers, and got rid of their stocks too soon, while there is no immediate prospect of their being able to replenish from the spring catch.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
SATURDAY, May 12, 1866.

The week which has just closed has been characterized by considerable excitement in commercial circles, and especially has this been the case in regard to Flour and Wheat. Yesterday and to-day, however, the excitement seems to have subsided somewhat, owing to adverse reports from the east and west, and holders were more anxious to realize—fearing that a reaction might possibly be brought about. In other articles there has been no movement worthy of special notice, and no material fluctuations in values.

ASHES—There is a continued good demand for Pearls, and an advance has been established; sale of 10 tons at 13. Pot Ash is selling at 8 to 8½. Soda Ash is dull but unchanged at 5½ for common, and 6¼ for refined.

GRAIN—Wheat is firm and there is but little offering; sale of 1 car Club at $2.20. Oats quiet and unchanged at 55 on track, and 60 from store. Corn is scarce, and in fair demand; prime Shelled and Ear may be quoted at 80, on track. Prime Penna Rye sells on arrival at $1. No movement in Barley.

FLOUR—Is very firm, and, with a continued good demand, prices are still tending upward. We now quote Spring Wheat Family at $10,75@11½; and Winter Wheat brands at $12,50@13. Rye Flour is in demand at $6, and the supply is light.

PROVISIONS—Bacon continues firm, but unchanged; sales from store at 14½@14¾ for Shoulders; 17@17½ for Ribbed Sides; 21½@22 for Plain Sugar Cured Hams; and 23@23½ for Canvassed, do. Lard is quiet at 23, while Mess Pork is held pretty firmly at $32.

POTATOES—In good supply, but the demand continues fair, and prices remain unchanged. Sales from store at $1,25 per bush, for prime Peach Blows, and $3,50@3,75 per bbl. Sale of 2 cars prime, in bulk, at $1,15.

BUTTER—Is dull, with a supply considerably in excess of the demand, and the tendency is downward. Good to prime Roll may be fairly quoted at 25, though holders generally are asking 30.

EGGS—Steady, with a fair demand, and we can report sales at 17@18.

SEEDS—Clover Seed is still quoted at $5½, while Timothy, of which there is very little in market, is held at $6,50@7. Flax Seed has advanced, sales being reported at $2,65.

SORGHUM—Is very dull and lower, sales being reported at 55 to 60, the latter figure for prime.

HOMINY—The supply is very nearly exhausted, and the price has been advanced to 4c. from store.

BEANS—Quiet and unchanged—an occasional small sale of prime White at $1,75 per bush.

FISH—Lake Herring are selling in a small way at $4,75@5 per half bbl. White Fish firm at $9,50 per half bbl.

OIL—Lard Oil is quoted firm at $1,85 for No. 1, and $1,90 for No. 1 Extra.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
SATURDAY, May 12, 1866.

CRUDE—The market for Crude has ruled firm and active throughout the week, and, as compared with last week, an advance of from 1 to 1½ cents per gallon has been established. The advance was produced by the material falling off in the receipts, limited supply and the improved demand for export, together with the fact that oil has jumped nearly a dollar per barrel at the wells. To-day, the transactions were remarakably light, owing partially to the scarcity, but more particularly to the difference between the views of buyers and sellers, the latter asking a still further advance, to which as yet, the former seemed unwilling to submit. Bulk oil could have been sold at 15, and perhaps 15½, while holders demanded 16. Barreled oil—barrels included—was in brisk demand at 20@21, but unfortunately there is little or none here unsold. The sales to-day were as follows: 55 bbls at 18; 200 at 15; 268 at 15½; 130 at 15¼, and 113 at 21, packages included. Telegrams from Oil City today quoted Crude at $5,75 to $6 per bbl at that point.

REFINED—The market for bonded oil was unusually quiet to-day, but notwithstanding there was less inquiry, prices are firm and well sustained. For Pittsburgh delivery, quotations may be fairly given at 36 cents on the spot; 37 for June; 39 for July; and 40 for August and September—we can report a sale of 1000 bbls for August, at 40, sellers option, free on board cars here. For Philadelphia delivery sales have been made during the week at 43 for May; 43@44 for June; 44@45 for July; 45½@46 for August; 46@47 for September; and 48 for October. Free Oil is dull but firm and held at an advance.

NAPTHA AND RESIDUUM—There was some inquiry for Naptha to-day, and we are cognizant of 12cents having been offered, in bond, and 15 cents asked. Residuum is quiet and dull, and, in the absence of sales, we omit quotations.

ARRIVALS—The wharfmaster reports the arrivals of oil within his jurisdiction, which, of course, does not include bulk boats, at 13,-875. The arrivals to-day were as follows:

Fisher & Bro	531	D. M. Edgerton	32[illegible]
C. Berringer	508	Baxter & Ellison	175
John Benn	60	W. P. Logan	113
W. K. Vandergrift	245		

Total	2[illegible]6
Total for the week	21,119
Total last week	30,216
Total by river since Jan. 1	314,516

Chicago Market.

CHICAGO, May 12.—The Produce markets are unsettled and generally lower. Wheat has declined 3@5c per bush., and No. 1 Spring closed dull at $1,60@1,61. No. 2 Spring sold at a range of from $1,10@1,15 for lots in North Side houses. In the Northwestern Elevator, No. 1 Spring sold at from $1,75@1,80, and No. 2 Spring at from $1,26@1,33. There is a fair amount of activity in Corn, but prices are [illegible] lower, with sales of No. 1 at from 49@51c; No. 2 at 46½@47½c, and rejected at 45@46c—closing quiet at 50@51c for No 1. Oats opened firmer, but closed quiet at 32@32½c for No. 1. Sales were made at a range of from 32@33½c for No. 1, and from 28@30c for No. 2 in store. There is a good demand for Rye but the market is easier with sales of No. 1 at 72@74c and of No. 2 at 64c. Barley is moderately active. Canada Barley sold at 90c in store, and at $1 free of storage. Western Barley sold at 25c for Old No. 2, and at 30c for a lot in bags on track. Provisions are dull and but little more than nominal. Mess Pork is held at $31,50 without buyers. Lard is easier and nominal at 22@22½c. Sweet Pickled Hams are quiet at 17½@18c, with sales of a small lot at the inside figure. Bulk Meats are quiet. Rough Sides delivered at Peoria sold at 15c loose, and Dry Salted Hams delivered at Peoria at 17c loose. Lake Freights are steady and firm at 9½c for Corn to Buffalo. Buyers and sellers of Flour are 25@50 per bbl apart in their views, and the market rules dull with a drooping tendency.

New York Market.

NEW YORK, May 12.—Cotton quiet and firm, at 34@35c for Middling. Flour dull and heavy, and 10@20c lower; $8,40@8,90 for Extra; $9,50@10 for Extra R. H. O., and $10,05@16,75 for Trade Brands—market closing dull. Whisky dull; Western in lots at $2,26@2,27; Refined and Rectified $2,24@2,25. Wheat dull, heavy and nominal and 3@5c lower; Old Winter Red Western $2. Rye quiet and scarcely so firm. Corn less active and scarcely so firm, at 75@86c. Oats dull at 49@50c for New Western; 58@60 for Old do. Petroleum quiet and firm, at 28@29c for Crude; Refined, 44@45c; 500 bbls do, for August at 48c. Pork opened heavy and lower, but closed more firm, at $29,62@31,25 for New Mess, closing at $31,00 cash; $29,50@30,00 for Old do., and $24,50@24,75 for Prime; also, 6,500 barrels New Mess for May, June and July, sellers' and buyers' option, at $29,50@31,25. Beef steady. Beef hams firm, at 42@47c. Cut Meats scarce and firm, at 12½@13½c for Shoulders, and 17½@19c for Hams. Lard quiet and heavy, at 19@22c. Butter dull, at 32@43c for Western and Ohio, and 36@48c for State. Cheese quiet, at 10@20c. Bacon quiet and nominal.

Baltimore Cattle Market.

BALTIMORE, May 10.—Beef Cattle—The offerings during the past week were 480 head, against 424 head previous week. Owing to the light supply last week, and again repeated this week, we note a further advance in prices But very few common cattle in market, which will show the average high. The offerings were disposed of as follows: Washington butchers bought 125 head, and the balance were taken by Baltimore butchers. Prices today ranged as follows: Common $6,75@7,25; fair, $7,75@8,25; good $8,50@9,50, and prime Beeves $9,75@10 per 100 lbs.

Sheep—The supply this week was light, and prices are higher. Sales were made at 6¾@7½ cents per lb gross, for clipped, with a good demand—no wool sheep in market.

Hogs—The supply in market has been light and prices ruling higher. Sales were made at $13,25@14,75, and some as high as $15 per lbs, net.

Baltimore Coffee Market.

BALTIMORE, May 11.—The stock in first hands is considerably reduced, and particularly of prime. Sales the past week have been confined to lots from second hands. We report 600 bags Rio, re-sales out of bark Lapwing's cargo, at 20½c; 300 bags do, in small lots, ranging as to quality, from 18 to 20½c, gold. Nothing doing in other descriptions; quote Laguayra prime 21c; Java 26c, gold. Stock here small and held higher. Stock of Rio 3000 bags in first, and 8000 do in second hands. Of Laguayra 1200 bags, and Java 500 bags.—*Sun.*

Buffalo Market.

BUFFALO, May 12.—Flour quiet; stock light; Canada spring, at $9,50@10,50; extra state, $9,50; white western and Canada at $12@14. Wheat inactive; parties apart. Corn—No. 1 mixed at 63c; yellow 66@67c; mixed 58@60c. Oats; Chicago 38@41c. State Barley $1. Rye nominal. Whiskey inactive. Pork, $31,50, Lard 22½c.

New York Iron Market.

NEW YORK, May 12.—The market for pig is dull, and prices rather favor buyers. We notice 500 tons Scotch, in lots, at $46,50 ex-ship, $45 from yard, for Glengarnock, $42,50 for Eglinton, and $45 for Coltness and Gartsherrie; 600 do No. 1 American, $40@42; and 1000 do No. 2 forge, before our last, $35, at Elizabethport. 1800 bdls American sheet, assorted numbers, sold at current rates, say on a basis of 6½c for Doubles. We notice besides, 100 tons street rails at $85; 225 do old, $42; 750 English, and 100 do No. 1 English wrought scrap, on terms not made public. Bar by invoice is not offered, and from store, the business is moderate at the reduced quotations given in our last. American refined bar sells from manufacturers hands, at $100, cash.

Potatoes in Detroit.

DETROIT, May 11—The market continues very active. The demand for shipment has become large, and prices have advanced above those ruling at any time before during the season. To-day street rates are firm at 85@86c. Competition between buyers occasionally advance rates above a little above what can be called the market price. Shipments to Pittsburgh and Cleveland now amount to 2,000 bushels daily.

Oswego Market.

OSWEGO, N. Y., May 12.—Flour unchanged. Wheat nominally lower; No. 1 Milwaukee club held at $2,10. Sales 5,000 new Red Western at $2,50 common to choice. Sales 11,000 Mixed Western to arrive at 65.

RIVER NEWS.

ARRIVALS.

Kate Putnam	Evans	Cincinnati.
Emma Graham	Stull	Zanesville.

DEPARTURES.

Pine Grove	Annfwalt	Cincinnati.
Julia	Coulson	Zanesville.

RIVER, WEATHER, ETC.

The river continues to recede slowly but steadily at this point, with but three feet in the channel by the pier marks last evening. The weather yesterday was stormy and wet during the forenoon, but in the afternoon it became much cooler, and in the evening the indications were considered favorable for more rain.

The Kate Putnam, from Cincinnati, is the only arrival aside from the regular packets. The Emma Graham, from Zanesville, was due last night, and will doubtless be found at the landing this morning. The Columbia and Importer are en route for this place, having left Cincinnati several days since, but we do not expect that they will be able to reach here until there is a swell in the river.

The Urilda has been chartered to take the place of the Bayard in the Parkersburg trade, and we presume she will leave this morning on her first trip.

The new steamer Chieftan left for Brownsville on Saturday evening, on her first up trip. The "Peoples Line" expect to have another steamer ready for to introduce in the trade within a very short time.

The Pine Grove left for Cincinnati on Saturday, with about all the freight she could take on the water, and the Julia No. 2 cleared for Zanesville.

The Leonidas and Silver Cloud are both announced for St. Louis, as is also the Citizen for Missouri River, but none of these boats will get off until there is more water. The two latter boats are partially loaded.

The Messenger arrived safely at Cincinnati, on Friday, where she will fill out for New Orleans. The Cincinnati papers, of Saturday, make no mention of the arrival of the Armenia, notwithstanding her and the Messenger left here on the same day.

The Yorktown arrived at St. Louis on Friday last.

The Steamboat Mates' Association of Cincinnati have reduced their wages on first-class steamers from $130 to $150, and on second class steamers from $150 to $125.

CURES

All Diseases of the Lungs

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1860.

DR. KEYSER:—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire so.

WM. WILSON,
Alderman, Fifth Ward

PITTSBURGH, April 24, 1857.

READ THE TRUTH.—DR. KEYSER:—I have a daughter who has taken several medicines for a bad cough without benefit, among them Ayer's Cherry Pectoral. I purchased from you a bottle of your Pectoral Syrup, and before she had used half a bottle she was relieved. The second bottle cured entirely of her cough.

JOHN DARIN,
Robinson street, Allegheny.

PITTSBURGH, December 31, 1854.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

JOHN C. LITTLE,
Witness: B. M. KERR. Peebles township.

PATTON TOWNSHIP, April 14, 1858.

A WONDERFUL CURE.—Some time ago an old neighbor of mine was very ill with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

JOHN McGINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable Pectoral Syrup. Almost everybody around us has the cold, and are enquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles the last week, and are now entirely out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa., told us they would not be without it in their families. In fact, all who use it once want it again.

Yours, respectfully,
J. S. WATTERSON & SONS.

January 30, 1860.

PITTSBURGH, November 18, 1858.

DR. KEYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your PECTORAL SYRUP. As a medicine, it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less in my life, affected with the severest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES,
Cashier Citizens' Deposit Bank.

STEUBENVILLE, Ohio, March 14, 1865.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken.

J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—Dr. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. It knocked the noise out of my cough, and the worst one I was ever afflicted with. I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine, would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard as you think proper.

E. F. PRATT.

Messenger Common Council, Pittsburgh, Pa.

N. B.—I am no stranger to my fellow-citizens, and all who entertain doubts can consult me personally.

E. F. P.

ANOTHER NEW CERTIFICATE.—DR. KEYSER'S PECTORAL SYRUP.—I have been troubled with a cough and cold for several weeks—so bad that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely.

(Signed) J. W. SIMONTON,
No. 246 Liberty street, Pittsburgh, Pa.

January 9th, 1866.

"STOP THAT COUGHING."—"How can I do it?" Go to Keyser's, on Wood street, and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed!" This is a specimen of the colloquy one hears every day in cold-catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact, it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the stage, we coughed our way to Keyser's, No. 140 Wood street, procured a fifty cent bottle of the "Pectoral," took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief, but unequal conflict with so formidable an adversary as Keyser's famous Cough Pectoral.—*Brownsville Clipper, Dec. 14, 1859.*
